

RUSSIAN ROUGHS ROBBING AND KILLING THE JEWS

ST. PETERSBURG, Sept. 6.—Private advice from Kishineff says that street fighting continues there. Roughs are sack- ing the Jewish shops, killing or wounding many of the inmates. It is said that more than a score of soldiers have been killed. The Jewish self-defense committee is active in organizing resistance to the troops.

WRIGHT TO GO TO PRISON

Accused Senator's Bonds- men Fear He Will Run Away.

SACRAMENTO, Sept. 6.—Eli Wright, one of the boodling State Senators, who was expelled from the Senate for his criminal act of accepting a bribe and later on indicted by a Sacramento county grand jury, will probably sleep in the Sacramento county jail tonight.

At the time of his arrest Wright gave bail for his release from the Sheriff's clutches. His bondsmen were Wm. Haub and Geo. Egan of this city.

Since the publication of the stories of the confession alleged to have been made by ex-Senator Harry Bunkers, under sentence of five years for bribery, and the arrest of Lee, the negro who had been accused of having been a go-between in the matter of handling the money, the bondsmen of Wright have grown somewhat nervous and doubtless became fearful that he might leave the State.

The bondsmen notified District Attorney Seymour that they desired to surrender Wright, and this morning Deputy Sheriff Edward Reese left for San Jose, the home of Wright, to take him into custody. He is expected to arrive here tonight with his prisoner.

WRIGHT ARRESTED

SAN JOSE, Cal., Sept. 6.—Ex-Senator Eli Wright was arrested here at 2:15 by Deputy Sheriff Reese of Sacramento. His attorneys are now seeking frantically for bail money.

DIPLOMATS LEAVE PORTSMOUTH

DEPARTURE OF THE PEACE ENVOYS FROM SCENE OF NEGOTIATIONS.

PORTSMOUTH, N. H., Sept. 6.—Life in the picturesque city of Portsmouth which for the past four weeks has centered about the doings of the peace conference, began slipping back into normal channels today with the departure of M. Witte and the Russian mission on a special train for New York, and of the members of the Japanese entourage who did not go with Baron Komura last night.

M. Witte was up early this morning and before he had taken breakfast a crowd had assembled on the hotel veranda to see him off. He shook hands with each of the persons gathered about him and as he started he was given a cheer and cries of "Adieu." Mr. Takahira who headed the Japanese party, also was heartily cheered.

At the Navy Yard the work has already begun of restoring the general quarters to its former condition. The furniture will be shipped back to Washington, including the table on which the treaty was signed. This piece of furniture may be preserved by the Department of State, and also the chairs in which the plenipotentiaries sat. The building will, however, continue to be known as the "Peace Building."

Mr. Pierce, the Assistant Secretary of State, will remain here this week to wind up the Government's business in connection with the conference.

Capt. McR Winslow, commanding the dayboat, was among the last to take leave of M. Witte, the Russian plenipotentiary.

TAGGART WILL BE CHARGED

He Will Have to Answer for Accusations Against Gen. Miner.

WASHINGTON, Sept. 6.—The War Department is awaiting the determination of the Taggart divorce suit, now in progress at Wooster, Ohio, before proceeding to take military action in the case.

General Miner, whose name has been drawn into the case by the Captain's attorney has preferred formal charges against Taggart, and a recommendation has been made to the general staff by the proper authorities that an inspector be detailed to make a thorough examination of the testimony so far taken.

The general staff has simply suspended action upon this recommendation until the determination of the suit, but it will undoubtedly be approved and upon the report to be submitted by the inspector will hinge the Department's decision as to whether there shall be court-martial proceedings, and whether in such case not only Captain Taggart, but other officers, whose names have been drawn into the case, shall be placed on trial.

KOMURA IS IN BOSTON

JAPANESE CHIEF PEACE ENVOY IS BEING ENTERTAINED.

BOSTON, Sept. 6.—Baron Komura, the Japanese chief peace envoy, and those of his party who came here last night were the guests at breakfast today of the Nantua Dining Club, an association of leading Japanese merchants of this city. After breakfast, which was an informal affair, Baron Komura and his suite went to Harvard University, of which institution the Baron is an alumnus. The party will leave for New York this afternoon.

The party was driven in a trolley directly to Harvard Law School, where Prof. John C. Gray, of the Law School, and J. D. Green, secretary to President Elliott, met the visitors.

HARRIMAN PARTY AT TOKIO

MANY ENTERTAINMENTS BEING ARRANGED FOR DISTINGUISHED VISITORS.

TOKIO, Sept. 2 (delayed in transmission).—The Harriman party from the United States, including E. H. Harriman, president of the Southern Pacific Company, and family; R. P. Schwerin, vice-president and general manager of the Pacific Mail Steamship Company; Mr. and Mrs. Robert Goebel and others, have arrived at Tokio.

The visitors, who are on a pleasure tour, are the guests of Minister and Mrs. Grieson at the American Legation. The entertainments which have been planned in their behalf include dinners by Premier Katsura, Minister of Finance Arakawa, Baron Mutsaers and Minister Grieson, and a garden party by Baron Swasey.

TROUBLE IN COURT

Judge Smith and Attorney Leach Do Not Agree.

Ah Ye, a diminutive, slant-eyed, yellow-skinned Chinese, this morning was the cause of Police Judge Smith and Prosecuting Attorney Leach arraying themselves in opposition to each other and exchanging asperities which so far ruffled Mr. Leach, that he turned on his heel and walked out of the court-room in a state of high dudgeon.

After a few minutes solitary communion with his calmer self the Prosecuting Attorney walked back into the court room, holding a dove of peace in one hand and an olive branch in the other. Both of the tokens were accepted by the court, and the temporary misunderstanding placed in the category of things forgotten and never to be referred to.

Now Judge Smith for ten years has never been happier than when playing Damon to Mr. Leach's Pythias, and vice-versa. Mr. Leach has experienced the thrills of perfect felicity when playing Pythias to his Honor's Damon. The humor of the situation—two life-long friends, splitting over a very small undergrown, cross-eyed Chinaman, was too much for the dignity of the court and it was also too provocative of laughter for Mr. Leach's indignation, with the result that the two officials of the court came to an amicable understanding without the intervention of plenipotentiaries. Ah Ye was the Chinaman who caused the trouble. He and his friend Ah Jock testified that J. Maurer, a Washington street merchant, had thumped the complaining Chinaman.

William Rowe, Chas. Paul and J. Maurer all testified a mysterious "Billy," whose last name they had incidentally forgotten was the man who hit the Chinese.

"It is apparently a case of mistaken identity," said the court in attempting to arrive at a decision.

"Your honor," said Prosecutor Leach, "if we were in China and received the same treatment as Ah Ye, we would demand redress at the hands of the court."

"Mr. Leach, I will not stand for any criticism of this court."

"I am not trying to criticize this court," said Leach with some heat.

"I will have no more of it. Proceed."

BAKU IS STILL IN FLAMES

Loss Will Now Amount to Millions of Roubles.

ST. PETERSBURG, September 6.—Private advices from Baku, Caucasasia, today say that the "Black Town" district of that city is still burning, and also the works at Blakham, Bibiebal, Nomanie and Sabunio.

The losses amount to millions of roubles. Baku is overhung with dense clouds of smoke and the flames of burning buildings illuminated the city all night long.

It is alleged that the disorders were started by Armenians, who, disguised as soldiers fired on Russians and Tartars.

The Persian consul was asked to act as pacificator but he replied that reconciliation was impossible with the Armenians, who had killed two hundred Persian subjects.

FRANCE WANTS AN EXPLANATION

PARIS, September 6.—Following the report from the French Cable Company's representative at Caracas, Venezuela to the effect that President Castro intended to carry out the direction of the courts adverse to the company, a protest was lodged with the officials here and the latter asked the French Legation at Caracas for a report on the status of the affair. Pending the receipt of this report, no action will be taken. The company says the Venezuelan cables continue working without interruption.

CHOLERA AREA HAS WIDENED

BERLIN, September 6.—The infected area was sensibly widened today. The river Oder has become tainted. Three cases have been reported from the administrative district of Frankfurt-on-the-Oder in three small places along the stream, among the river men. Thirty boatmen have been quarantined at Kustrin, a railway town near the union of the Oder and the Warthe. Sharp sanitary precautions have been taken throughout the district.

TARTARS MURDER

Wipe Out the Residents in Armenian Village.

TIFLIS, Caucasasia, Sept. 6.—A dispatch from Elizabetopol says that all of the inhabitants of the Armenian village of Mankend, in the district of Zangessurk, have been massacred by Tartar nomads. Other villages of the district are surrounded by Tartars and the government is urgently appealing for reinforcements.

MOSQUITO THEORY FAVORED

NEW FEVER CASES NOT FROM THE ORIGINAL AREA OF INFECTION.

NEW ORLEANS, Sept. 6.—With the exception of Lake Providence and Tallulah in Louisiana, yellow fever reports from that city and county appear favorable in character. Locally there are many evidences of the mosquito theory, most conspicuous of which is the fact in the list of new cases for the preceding 24 hours there is not a single one from the original area of infection the forty-four squares in which the fever first appeared, though there are hundreds of non-immunes in the district. Dr. Tichenor has wired that the infection is general over Tallulah and that nurses are needed.

The death of Secretary A. L. Lane, of the fifth district levee board at Tallulah has added to the alarm there.

ARMOUR LINE CAN ANSWER

WASHINGTON, Sept. 6.—The Armour Car Lines Company has been granted by the Interstate Commerce Commission an extension until September 10 in which to file its answer to the inquiry concerning rates between refrigerator lines and railroads.

NEW CASE FOUND AT HAMBURG

HAMBURG, Sept. 6.—The new case here is that of a Polish woman living in a thickly populated alley. The health authorities expect to discover several more cases as the result of this one.

POLICE RAID THE NIHILISTS

ST. PETERSBURG, Sept. 6.—The police today raided a private house in the Vassily Ostroff quarter, broke up a secret meeting, arrested twenty-one participants and seized a quantity of arms and revolutionary proclamations.

TAXES TO BE CUT DOWN BY SUPERVISORS

County Fathers Decide to Make a Big Reduction in the Rate This Year.

The Supervisors this morning agreed that, when the question of fixing the tax-levy should come before the Board which will be the case one week from next Monday, when it must be fixed according to law, they would establish a rate within the city of \$1.40 on every one hundred dollars worth of taxable property and \$1.30 outside on the same basis.

MITCHELL'S MOTIVE.

This action was taken because Supervisor Mitchell will not be here next Monday week when the levy must be established, and he was desirous of taking part in fixing the same even though he might not be at the meeting at which the rate will be actually fixed. He was also desirous of knowing what the levy would be as also that it would be less than it was last year.

The inside tax-rate last year was \$1.49 and the outside rate \$1.54.

REDUCTION IN RATE.

There will be a reduction, therefore, of nine cents on the inside and four cents on the outside rate from the rates which prevailed one year ago.

THIS YEAR'S LEVY.

The items in the levy this year are as follows:

State tax-levy\$0.49
County General Fund517
Infirmary Fund09
School Fund80
County Exposition Fund003

Levy for inside\$1.40 |

Road District Fund40 |

Total tax-levy, outside, 1905-1906\$1.80 |

STATE LEVY.

The levy by the State of 49 cents is based on a communication from the State Board of Equalization, which County Clerk Cook said he had received, and in which it was announced that the State tax levy would reach that figure. The same levy last year

was fifty-three and a half cents.

LAST YEAR'S LEVY.

For the sake of comparison, the items in the tax levy of last year are presented, as follows:

State tax levy\$0.53
County general fund57
Infirmary fund10
School fund27
County exposition01

Levy for inside\$1.49 |

Road district fund35 |

Total tax levy outside\$1.84 |

RAISE IN SCHOOL FUND.

The proposed new tax levy shows a reduction in every one of the items from those of last year save in the money for the common schools, and in that fund there is an increase of three cents, or from 27 to 30 cents.

This increase was made at the instance of Superintendent of Instruction Crawford. It was necessitated by Mr. Crawford says, by the operation of a law passed at the last meeting of the Legislature which deprives this county of at least \$25,000, which, had previously received from the school fund of the State. The levy of 30 cents, the Superintendent says, is absolutely required for the mere maintenance of the schools. He says further that it will hardly make up the deficit caused by the change in the State apportionment referred to.

The Supervisors who voted in favor of the resolution were Messrs. Mitchell, Horner, Telcott and Kelley.

Supervisor Rowe was excused on the ground that there were some facts that he had not yet fully figured out and that he wanted to give them further consideration. He stated further that when the time came to fix the levy, one week from next Monday, he might and might not vote for the measure. His vote would depend upon what he might discover in his consideration of the subject in the meantime.

PEACE NEWS DISAPPOINTS LOYAL JAPANESE

Subjects of the Mikado Do Not Approve Terms and Flags Are Suppressed.

TOKIO, Sept. 1, Friday (Delayed in transmission), 8 p. m.—The press telegrams, outlining the peace terms, are further inflaming the sentiment against the settlement. The Radicals and hot-heads continue to urge various expedients to express the popular disapproval. There has been no violence and no scenes of turbulence, although as a precautionary measure, the police reserves have been increased.

The police are carefully watching the developments of the situation and the force will be doubled should any violence occur. If it does, its speedy suppression is assured.

The government continues silent, the conservative element predicts that the country will approve the settlement when its conditions are thoroughly understood. They declare that the present agitation does not represent either the ultimate sentiment of the people, or a sufficiently strong minority to merit serious consideration.

Possibly public opinion will become more definite when the government informs the people of the actual results of the Portsmouth conference. There has yet been no information given out regarding the final adjustment of the

WATER COMPANIES MAY OUR GALLERY OF IMMORTALS

Rumors of a Merger Between Spring Valley and Contra Costa Denied.

(FROM S. F. CHRONICLE SEPT. 6.)

SAN FRANCISCO, Sept. 6.—It was freely stated in stock and financial circles yesterday that a merger of the two great corporations that supply the bay cities with water—Spring Valley and Contra Costa—is about to be consummated. The officials of both companies were bombarded with inquiries as to the truth or otherwise of the statements, and, although the answer always took the shape of a flat-footed denial that anything of the kind is contemplated, the rumor would not down.

Chief among the circumstances upon which the amalgamation was predicated was the sudden and substantial rise in the value of the stocks of both corporations, particularly those of Contra Costa Company. Inside of ten days the shares of this company have gone up \$10. At the commencement of last week they were quoted as low as \$42. Yesterday the market opened at \$50, and closed with sales at \$52. In the end there were no shares to be had at that figure, and \$53 was the asking price.

In the last few days it seems to have dawned upon the Stock Exchange operators that the upward trend of Contra Costa stock was connected with some deal in which Spring Valley is interested, and this has resulted in increasing the price of shares in the San Francisco corporation also. Spring Valley stock, which for a long time was steady round \$36 and \$37, closed yesterday at \$40.25. Saturday's closing quotation was \$38.50.

"On the street" this appreciation in the value of stock in both companies is interpreted as proof of the rumored amalgamation. It is common talk that insiders who know of the contemplated deal are buying all the stock they can lay their hands on in the expectation of reaping a not inconsiderable profit. It is this unusual demand that has caused the bound in values.

BASIS OF CONSOLIDATION.

Nobody pretends to be in a position to positively outline the details of the alleged contemplated merger, but the story that gained most credence was to the effect that the Contra Costa Company would be absorbed by the Spring Valley Water Company on the following basis: Stockholders in the Contra Costa Company to be paid \$50 a share for their holdings, part of the payment to be in cash and part in bonds. This is a valuation materially higher than the rates at which the stock has been quoted for a long time. There are 57,026 shares in the Contra Costa Company. A sale at the sum mentioned (\$50) would mean a payment for the whole outfit of \$3,421,560.

The Spring Valley Company is much the stronger of the two corporations. It has 230,000 shares, which at yesterday's closing prices aggregate in value \$11,270,000. The value of the 57,026 shares in the Contra Costa Company at the rate at which the market closed yesterday is \$2,855,352. On the other hand, the Spring Valley Company has

bonds outstanding against it amounting to \$16,975,000, while the Contra Costa Company has issued bonds to the extent of only \$2,000,000.

There are several circumstances connected with both companies that divest the idea of a merger of anything in the shape of improbability. It has for some time been an open secret that the Contra Costa Company is seeking some means of bettering its prospects. Quite recently a plan was formulated whereby the company contemplated leasing the entire plant to the city of Oakland for forty years, the city to become the possessor of the outfit at the end of that term. While this offer was not formally made by the company, it was generally understood at the time that officials of the corporation caused the proposal to be made public—probably as a kite.

MUCH LITIGATION.

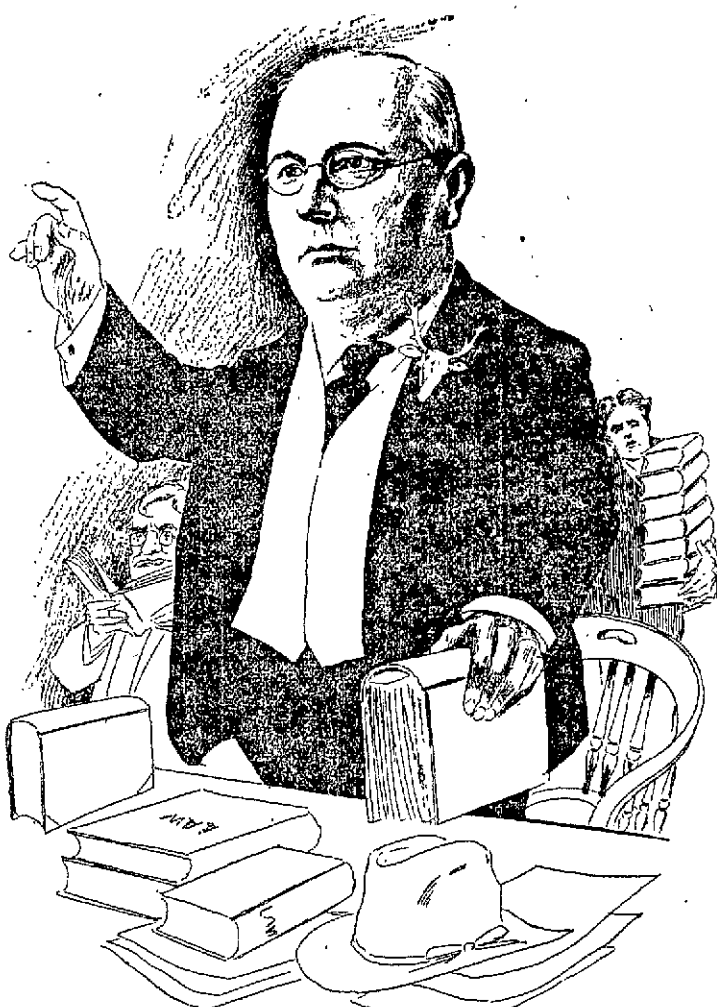

Much vexatious litigation, started by dissatisfied stockholders, has caused the company a great deal of trouble lately, and this is regarded as another reason why the leading men in it would be glad to sell out. Then, again, there has been friction with the Spring Valley Company regarding the right to the use of watersheds in Alameda, Stanislaus and Mariposa counties. An amalgamation of the conflicting interests, would of course, present a pleasant escape from this difficulty. The manner in which the Contra Costa Company's recent issue of bonds hung fire, until after an awkward delay, they were placed at 95 with accrued interest, furnished another argument in favor of selling out.

All these reasons, topped with the fact that the shares of both companies have been selling in heavier bulk than for some months past, as well as at higher prices, seem to portend some deal of the character rumored on the street.

Charles Webb Howard, president of the Spring Valley Company, and William J. Dingee, president of the Contra Costa Company, were questioned by a number of people yesterday as to the truth of the much-talked-of merger, and both denied that there had been any negotiations looking to that end.

"There never have been, and there are not now, any negotiations in progress involving an amalgamation of the Spring Valley and Contra Costa Water Companies," said Mr. Howard last night. "There are no negotiations of any kind going on between the two companies that could give rise to the rumor. Why has the value of Spring Valley stock risen? Well, you know, it's worth about \$15 more than it has been quoted at, and the increase is only a little one. It does not mean anything at all. Mr. Dingee tells me he has been importuned with inquiries about a rumored merger, and he has told all questioners the same thing that I have—that there is nothing in it."

Nevertheless, something is happening in the affairs of the two water companies. The next few days may tell much.

GRAND ARMY IN PARADE AT DENVER

Great Street Demonstration by the Grizzled Veterans Who Fought For the Flag.

DENVER, Colo., Sept. 6.—The main event of the Grand Army encampment, speaking from the view point of the rank and file, was the parade, which occurred today.

To the veteran, the privilege of again tending in step with comrades of the bivouac of '61 is one for which no hardship seems too great to undergo, no ordeal too severe to undertake. Many who marched the two miles today were exhausted when the end was reached, and many others, weakened by age, fell out of line long before the journey was completed.

GIVEN AN OVATION. These uttering old veterans, regretting their inability to remain in the parade and giving every evidence of their feelings, would be cared for by persons nearest at hand, led to a place where they could rest and recover from their exertions. It was a common sight to see a gray-haired old soldier sitting on the curb gazing wistfully at his more sturdy comrades as they passed him by. The ovation given the marchers was unstinting. The streets were packed with people and the windows and roofs of the buildings along the line of march

swarmed with humanity. The cheering was continuous, and the grizzled old warriors were kept busy bowing acknowledgments and raising their hats in courteous salute.

FORMATION OF PARADE.

The column formation for the great parade was as follows: Platoon of mounted police; George W. Cook band and drum corps; Grand Marshal Randolph and staff; Commander-in-Chief John W. King; Chief of Staff J. J. McLaughlin; Senior Vice Commander George Corby; Senior Vice Commander George W. Patton; Surgeon General W. R. King; Adjutant General J. E. Gilman; Junior Vice Commander S. S. Stilling; Judge Advocate General O. L. Moore; Chaplain-in-Chief J. H. Bradford; color bearers; Assistant Quartermaster General J. H. Holcomb; executive committee; Council of Administration; General T. D. Sample; Colonel S. James; Colonel L. V. Collins; General J. W. Hersey; General W. H. Armstrong; Colonel J. C. Whinn; General George W. Cook, chairman of the Denver executive committee; National Association of Civil War Musicians; drum and fire corps; disabled veterans in carriages; the various State departments.

Light showers had fallen during the night, but the weather cleared this morning, and the annual Grand Army parade has never taken place under more favorable auspices.

WILL COLLECT FACTS FOR THE STATE

S. N. Wyckoff of Berkeley is Appointed to Superintend Information Bureau.

At the meeting of the Board of Supervisors this morning it was decided to proceed with the securing of data as regards the agricultural, horticultural, viticultural and mineral resources and manufacturing products of Alameda county. The facts will be forwarded to the State Board of Agriculture, where they will be embodied in a volume showing the varied resources of California.

S. N. Wyckoff of Berkeley was appointed to superintend the collection of the information at a salary of \$200 a month. He will be allowed such a number of assistants as may be necessary to perform the work in a thorough and expeditious manner, but this assistance will be subject to the approval of the Board of Supervisors.

EXAGGERATED COST.

A great deal has been said about the alleged enormous expense which would attend the gathering of these data, some of the speculations placing the figure at \$10,000. This, of course, would make the scheme almost prohibitive, but there is no reason to feel that the work will cost even one-third that amount. This will be readily apparent when it is considered that, allowing \$3 a day as the wage of the assistants, there could be procured between 3000 and 4000 days of labor, and no one, for a moment, supposes that this work of gathering statistics would require so many days of effort.

There are 27 field deputies in the County Assessor's office, and allowing each of them \$3 per day, the \$10,000 proposed would last for 123 days' work on the part of each of them. This, of course, would appear ridiculous, because a census of the City of Oakland has been taken with a dozen men in a little over two weeks. In that census, too, every one of thousands of houses had to be

visited, sometimes two, three and four times to find the occupants at home.

PLACES OF VISITATION.

In this system of statistics the only places which must be visited will be farms, orchards, vineyards, ranches, and manufacturing plants. The plan which is proposed to adopt is to have various kinds of blanks prepared and have them left by a deputy county assessor in the possession of every rancher, horticulturist, viticulturist, farmer and manufacturer with the request that he fill out the same in so far as it relates to the output of the business in which he is engaged. It will be the duty then of the deputy who delivers the blank to see that it is filled out as soon as possible and then forward it to Superintendent Wyckoff who will be located in some part of the county buildings.

Each deputy will be assigned to a township in the county and in the city there will be a more liberal number of resources which must be visited will be farms, orchards, vineyards, ranches, and manufacturing plants.

Wyckoff's estimate \$3000. Superintendent Wyckoff had a conference with the Board of Supervisors this morning and was instructed to devise and submit to the Board tomorrow a method to the end in carrying out this work, an estimate of the number of assistants whom he will require and also an estimate of the time the work will entail. Speaking with THE TRIBUNE reporter this morning on the subject, Mr. Wyckoff said: "I have an idea that we will be able to gather all the information regarding Alameda county by the first of November. I do not as yet know how many assistants I shall require. I shall give the Board some information on the subject tomorrow."

FINE TEAM FOR SALE

WELL MATCHED HORSES WILL BE SOLD AT REASONABLE FIGURE.

A well known gentleman who is a resident in one of the interior towns of the county, offers for sale a sorrel team of horses which has aroused the admiration of hundreds of people who have seen them spilling along the country roads and through this city. One of the animals is four and the other five years of age. They were bred by Nutwood Wilkes and the dam was Venture. They are beautiful in color, symmetrical in shape, gentle in disposition and travel with an ease and grace which would make them acceptable to a lover of good horseflesh who likes, from time to time, to take a spin along the road at a clip which sets the blood tingling in one's veins. The team will be sold at a reasonable figure.

Further information on the subject may be obtained by addressing THE TRIBUNE office.

with the next case," said the Judge. "I will not proceed with any case in this court until it is shown that I did not attempt to criticize this court."

"Call the next case," the court instructed Clerk Hennessey.

Mr. Leach abruptly turned on his heel and left the court-room.

It so happened that the next case was that of E. Conn, a dentist accused of practicing dentistry without a license. Attorney Asa Mendenhall was the special prosecutor so the case proceeded to trial without Mr. Leach.

Later on the reconciliation came.

has ever suffered. They even advise a refusal to ratify the treaty, through various expedients.

FLAGS SUPPRESSED.

Few flags are appearing in the capitols. In some instances where enthusiastic citizens have displayed flags their neighbors have advised their removal.

The higher middle classes, including commercial and financial men remain strangely silent, but their disappointment is evident.

The general market, reflecting the attitude of the depression, declined sharply at the opening today and trading was sluggish.

The bulk of the people continue apathetic, while the hostility of the radicals grows.

NEWS DISAPPOINTING.

NAGASAKI, Tuesday noon, Sept. 5.—The peace news was received without enthusiasm in the chief centers of Kiushu Province. There is a general feeling of chagrin that Japan has been deprived of rightful fruits of victory, and there is disappointment especially at the fact that permanent security from Russian aggression has not been secured. The diplomatic failure is considered to be due to the negotiations commencing prematurely.

HONOR ROOSEVELT.

VIENNA, Sept. 5.—The Municipal Council proposes to perpetuate the memory of President Roosevelt's success in restoring peace by renaming a street Theodore Roosevelt Strasse, and cabling the thanks of the city of Vienna. The proposal has been formally introduced, and is set down for early consideration.

TERMS NOT KNOWN.

YOKOHAMA, Sept. 6.—The peace terms are not known exactly, but it is rumored that the abandonment of the indemnity will cause general and profound disappointment. There have been no demonstrations. The people are quietly awaiting the official announcement of the treaty.

DRIVER INJURED BY FALL FROM A WAGON

Fred T. Hale, who is employed by Elben & Nor at Seventh and Permitta streets, slipped on the sidewalk this morning while getting into his wagon, and striking on his back, was severely injured. He was at once removed to his home at 1024 1/2 Wood street and a physician was summoned. As yet, it is not known whether or not his injuries will prove fatal.

BIG BUSINESS IN RECORDER'S OFFICE

Business is increasing at a remarkable rate in the office of the County Recorder, each month surpassing the preceding one, and breaking all records known here.

The last month has been another record-breaker, and according to a statement just completed by Recorder Grim of the work of his office, it shows that there were filed in the office no less than 2440 documents for which were charged sums aggregating \$3564.05. The expenses of the office amounted to \$233.38, leaving a net balance which has been turned into the county treasury, of \$1070.67.

PROBE INSURANCE METHODS

COMMITTEE OF NEW YORK LEGISLATURE BEGINS ITS INVESTIGATION.

NEW YORK, September 6.—Former Governor Frank Black of this State, appeared as counsel for the Equitable Life Assurance Society before the joint legislative committee today, when the committee commenced its investigation of life insurance conditions in this State.

Before the hearing opened, Mr. Black said:

"We have nothing to conceal and no one to protect. We seek no legal technicalities to evade answering any questions. We will aid in every way, the progress of the inquiry."

Senator Armstrong, in outlining the purpose of the investigation, said:

"Our object will not be to punish anybody for wrong doing in the past, but to get at all of the salient features of the modern insurance business, so as to suggest to the next legislature an adequate law that will not only protect the policy holders in all life insurance companies, but will likewise protect the insurance companies' management from abuse at the hands of designing persons. As most insurance companies are mutual in theory, we shall endeavor to pass a law that will compel them to be mutual in fact. Then the officers of the company will always be working for the interest of the policy holders instead of working for the interests of themselves, by the formation of subsidiary companies to divide the profits of the main companies."

Several of the members of the New York Life Insurance Company who had been subpoenaed appeared before the committee as did several officers who were not summoned.

In the opening of the hearing counsel for the committee stated the first subject taken up would be the position of the policy holders in the administration of the companies. He quoted the evidence once given by Henry B. Hyde, founder of the Equitable Society, to show the position of the Equitable stockholders. Robert A. Grannis, first vice president of the Mutual Life Insurance Company was called as the first witness. He testified that he was a director of the United States Mortgage Company and of the Lawyers' Trust Co. Mr. Hughes, counsel for the committee quoted from the charter of the Mutual the clauses giving the rights to the policy holders in the election of officers and other administrative rights, and had the by-laws of the company identified and placed on the record.

FIENDISH SUFFERING.

PORTSMOUTH, Sept. 6.—In perpetuation of the historic part which the navy yard has played in the last month, it has been suggested that a bronze tablet be placed on the walls of the peace building commemorative of the "Peace of Portsmouth," brought about within its walls.

LIBRARY BOARD HOLDS A MEETING

At the regular monthly meeting of the Library Trustees last night the librarian's report for the month of August was received. It showed that the total number of borrowers for the month was 13,603, and that 234 new borrowers had been added during the month. The total number of books loaned was 4785. The same per cent of volumes in the different classes of literature were loaned for the month as for the previous one. Concluding his report, Librarian Greene wrote:

The reading rooms have all had their annual cleaning, excepting East Oakland, which will be done in a few days. Mr. Toos has kept up his room so well that a little brushing down of walls and touching up of rubbed surfaces, which he was able and willing to do himself, are all that is necessary. The West Oakland room, on the other hand, was in the worst condition of all and required a good deal of repainting.

The few books added this month will be more than equalized by large purchases already made in September.

GILBERT CURTISS HAS RETURNED

Mr. and Mrs. Gilbert L. Curtiss have returned from a long vacation at Highland Springs. Mr. Curtiss, who has been ill, is now convalescing and will soon resume business.

DISCUSS TELEPHONE ORDINANCE

Application of Home Company to be Heard Thursday.

The City Council last night, in accordance with a resolution adopted at the last meeting of the city fathers, referred the application of the Home Telephone Company for a fifty-year franchise to the Committee of the Whole, which is to meet Thursday night. At that time the merits of the telephone company will be gone into exhaustively by the Councilmen.

It is probable that the Committee of the Whole will recommend the ordinance, and as the Council meets also on Thursday evening, it is probable that the ordinance will be read and passed to print on the same night.

DISMISSES CHARGE AGAINST CONDUCTOR

The charge of manslaughter against Elmer L. Simmons, a motorman, whose car struck and killed Nicholas Guirach, a cook, who was at the time riding a bicycle across the Twelfth street dam, was dismissed by Police Judge Smith this morning, as the Coroner's Jury exonerated Simmons of blame.

FIGHT FOR GLORY; FORFEIT \$5 BAIL

Earl Fox and H. G. Kilschmidt, East Oaklanders, who were accused of giving an unlicensed exhibition of the manly art, this morning forfeited \$5 bail before Police Judge Samuels in preference to standing trial on charges of disturbing the peace.

TABLET FOR THE NAVY BUILDING

PORTSMOUTH, Sept. 6.—In perpetuation of the historic part which the navy yard has played in the last month, it has been suggested that a bronze tablet be placed on the walls of the peace building commemorative of the "Peace of Portsmouth," brought about within its walls.

ST. ANTHONY'S TO HOLD A PICNIC

MISS BESSIE AND HAZEL ALLEN, J. J. O'DONNELL AND JOSEPH P. KELLEHER, THE GAELIC DANCERS.

All arrangements have been completed, and everything is now in readiness for the Admission Day celebration and picnic to be held at Idora Park on Saturday next. The event will be under the auspices of St. Anthony's Church, East Oakland, and although the pastor, Rev. P. C. Yorke, is abroad at present, his friends in this city and San Francisco are working all the harder in order that this picnic may be an even greater success than those of the two previous years, which were held in the same popular park.

Thousands on both sides of the bay are interested in the coming celebration and the committees in charge are making preparations to entertain the largest crowd ever assembled in Idora Park.

A special feature will be made of Gaelic athletics and pastimes. A committee of noted Gaelic Leaguers of San Francisco will be in charge of the Irish sports, and many interesting and exciting contests are promised. Valuable medals are to be awarded for the two best in each of the following events:

100-yard dash; 220-yard dash; 440-yard dash; running hop, step and jump; running broad jump; running high jump; stinging 56-pound weight without run or follow; putting 16-pound shot; throwing 16-pound hammer; raising and striking hurling ball; football place kick.

Assurances have been received from many of the most prominent Gaelic athletes on the Pacific Coast that they will be on hand to take part in the athletic contests.

In the exhibitions to be given by the children of the Gaelic juvenile classes, nearly one hundred boys and girls will take part. The children will be handsomely costumed, and their exhibitions, given for the first time in Oakland, will undoubtedly prove the most attractive feature of the day. They will be assisted by the Gaelic Pipers' Club of San Francisco, and the celebrated Gaelic dancers, Messrs. J. P. Kelleher and J. J. O'Donnell and the Misses Bessie and Hazel Allen. Numerous cash prizes are to be given for these events.

Many of the labor unions have decided to attend the picnic as a mark of esteem for Father Yorke, who has done so much for the cause of the union workmen.

A tug-of-war between teams from the Brotherhood of Teamsters of this city and San Francisco, will be an exciting feature of the occasion.

A baseball match between the St. Mary's College and Mesmer-Smith's teams of Oakland will be another interesting contest. For both events valuable trophies will be awarded.

A number of children's races will be on the program, for which cash prizes will be awarded.

A large refreshment booth will be erected, where plenty to eat may be had at all times of the day or evening. Mrs. Hugh Hogan will be general superintendent of this department.

A large and enthusiastic meeting of the parishioners was held last evening when the various committees made final reports.

The following is a complete list of the committees in charge:

General Executive Committee—Hugh Hogan, chairman; M. J. Keller, vice-chairman; Rev. P. C. Yorke, treasurer; M. A. McInnis, secretary; Thomas E. Kane, Frank H. Garcia, Dennis S. Diamond, William H. Ellis, Joseph T. Harrington, John H. Shepherd, M. Rose, Geo. W. Schmitt, Rev. P. M. McHugh, Rev. J. J. Melvin, Alex. J. Rosborough, Judge W. R. Geary, P. Mahoney, W. R. Christy, F. E. Bailey, J. H. Millett, Thomas Howard, Thomas Deasy, A. Ponte, Thomas Sullivan, Dr. J. E. Lowery, Anton Kretz.

Ticket Committee—P. Mahoney, chairman; W. R. Christy, Thomas Healey, Robert Fitton, M. Fitzgerald, W. G. Judge, Brother Felan.

Program Committee—M. J. Keller, chairman; Judge W. R. Geary, Thomas Sullivan, M. A. McInnis, Mrs. W. R. Geary, Miss Commis, Miss Leza White, Mrs. R. Fitton, Miss A. Koenig, Miss J. Nesbitt, Mrs. Webb.

MUSICAL CLUB IS DISBANDED

Lack of Financial Support Disrupts Popular Society.

The Wednesday Morning Musical Club, which has for four years struggled to gain a hold on the affections of the musical elect of Oakland, will disband for the reason that it lacks financial and moral support. The club had its origin from the old Friday Morning Club, which also disbanded on account of having poor support. As the Wednesday morning Club grew its members aimed for higher standards. To obtain these high standards they needed money, but this was not forthcoming.

The club was composed of more than one hundred members, many of whom were prominent both socially and in the musical world. Mrs. James G. Allen and Mrs. Newton Koser were the prime movers years ago in the organization of the club, and its existence up to the present time was mainly due to their efforts. In their work as president and secretary they were assisted by Mrs. Arthur Moore, Mrs. Kate Potter, Mrs. Frederick Stratton, and Miss Pauline Collins and others.

Much regret is expressed over the club's sudden ending, but, as Mrs. Koser, the secretary, remarked, "You cannot run a club on regrets."

MILLIONAIRE MAY HAVE TROUBLE

SAN FRANCISCO, Sept. 6.—During E. H. Harriman's recent visit to this city he and A. B. Hammond, the well known millionaire lumberman, held several conferences, and the story got abroad that they were discussing the railroad situation in and about Eureka, where both are interested. It has since been learned, however, that they came together here in relation to Hammond's offer to sell the Corvallis and Eastern Railroad in Oregon to Harriman, and that after dickering for some time over the price Harriman refused to buy at Hammond's figures.

It has long been understood that Harriman has been contemplating a line across Central Oregon, and that if he carried out this plan he would purchase the Corvallis and Eastern Railroad and extend it through the Cascades to Ontario. It was in anticipation of selling the road that Hammond some time ago went north and had his property re-evaluated and generally overhauled. Then he returned to this city and awaited the coming of Harriman. When the two magnates failed to agree on a price Harriman told Hammond that if he would not sell at the figure Harriman demanded he would parallel the road. Hammond accused him of bluffing, and they parted. Since then Harriman's agents in Oregon have incorporated the Oregon Eastern Railroad for \$1,000,000 and announced the intention of building a road from Salmon to Ontario. Surveyors are at work on the mountainous route, and the Southern Pacific and Oregon Short Line officials, who are identified with the new company, insist that Harriman is sincere in his plans.

Millionaire Hammond laughs at the project and is quietly telling his friends that Harriman is still bluffing for two purposes—one to compel him to sell the Corvallis and Eastern Railroad and the other to frighten off the Gould agents, who are reported to be in that territory making surveys for a line that may eventually extend south and connect with the Western Pacific somewhere in Northern California.

Winners of the "Ten Reasons Why" Contest AT JACKSON'S

YESTERDAY AFTERNOON THE SPECIAL COMMITTEE OF LADIES SPENT HOURS GOING OVER THE HUNDREDS OF ANSWERS RECEIVED IN THE GREAT BUCK STOVE CONTEST AND PRESENTED THE FOLLOWING REPORT:

Jackson Furniture Co., 12th St., Oakland:
After carefully considering the merits of all answers received in the "Ten Reasons Why" Contest we have unanimously decided that the prizes be awarded as follows:
1ST PRIZE—DOROTHY R. HOWLAND.—Age 9.
2ND PRIZE—REBECCA KOHN, 1148 FILBERT ST.—Age 13.
3RD PRIZE—ALICE COSTELLO, 1433 FILBERT ST.—Age 9.

Respectfully submitted
MRS. EDWIN A. STEARNS.
MRS. B. C. MAYO.
MRS. J. M. GALLOWAY.

FIRST PRIZE—Buck Stove, Jr. Dorothy R. Howland.

Behold a range that's good as new, Used many years, or used but few, Consuming fuel in smallest measure— Keeps hot or cold at your good pleasure. Suits any purse, or cook, when known,	1st—Lasting qualities— 2nd—Less fuel than others. 3rd—Easily regulated. 4 and 5—Reasonable price satisfactory in use.	Results of sixty years have shown Always in order, Buck's can boast No ruined bread, or dried up roast; Good looks, good use, good every way, Each lady wants one right away.	6—Has stood the test of years. 7—Well built. 8—Good oven. 9—Good appearance. 10—To see it is to win it.
---	--	---	---

SECOND PRIZE—Bird's Eye Maple Desk. Rebecca Kohn.

- 1.—A Buck's Range has the heaviest castings and will outlast any range in the market.
- 2.—The fire box of Buck's Range is constructed in such a way that it will burn less coal than any other range made.
- 3.—One of the most important reasons why Buck's Range is superior to all others is the sanitary construction of the oven; it is thoroughly lined with white enamel; it can always be kept sweet and clean.
- 4.—The Buck's Range is superior to all others, because the utmost care has been taken in the linings of the range; you will notice that it is lined with asbestos, which modifies and distributes the heat evenly around the oven.
- 5.—For the reasons given above the Buck's Range is the most perfect baker of any on the market.
- 6.—Because of its magnificent and highly finished exterior it adds beauty and attractiveness to the kitchen.
- 7.—The quality of every part of Buck's Range is thoroughly tested by scientific mechanics and nothing but the best material and best workmanship is allowed on Buck's Range.
- 8.—Every range has its bad qualities as well as good ones. When a firm sells a Buck's Range it lasts a lifetime and the dealer knows that he cannot sell a range to the same party again because the one first purchased will last as long as they live. This is the bad point of the Buck's Range from the firm's standpoint, but it is a good one for the party who buys.
- 9.—The happiness and prosperity of all depends on perfect health. This can be attained by properly cooked foods. No housewife can accomplish this with an inferior quality of range. Purchase a Buck's and you can depend upon good wholesome food properly cooked.
- 10.—The Buck's Range is by far the best and cheapest range on the market, because it comprises all the modern and scientific durability, as it is unsurpassed. A wise woman remembers the old motto: A good Buck's Range is a boon to mothers and wives. The Buck's bears the reputation.

KNIGHTS WANT A RECEIVER

NEW YORK FRATERNAL ORDER CANNOT PAY ITS POLICIES.

NEW YORK, September 6.—The Order of Select Knights, for which a receiver was asked yesterday in Buffalo, is a fraternal insurance association with 14,000 members in New York State. The order's greatest strength was in the up-state cities but there were several lodges in Manhattan and Brooklyn.

Owing to its slow growth and slender resources the Supreme Council decided two months ago to abandon the insurance feature, and continue the order as a social one.

The Order of Select Knights is a uniformed organization founded in 1878 by officers of the Ancient Order of United Workmen. At first only officers of the Workmen could join, hence the name Select Knights, and policies were \$5000. Then members of the Workmen, not officers were permitted to join. Finally the Knights ceased to be an auxiliary organization of the Ancient Order of Workmen and branched out for itself. In New York and vicinity there are about 1100 members. One-half of these are too old to be reinsured.

OAKLAND MAN STRIKE SOON TO BE SETTLED

ADOLPH SWITZER AT THE POINT OF DEATH IN OGDEN.

OGDEN, Utah, Sept. 6.—Adolph Switzer of 1458 Seventh street, Oakland, lies here at the point of death as the result of an attempt at suicide made at the Reed Hotel yesterday. Switzer stopped over in Ogden on his way to Philadelphia and was taken to the police station as his mind seemed affected. The police lodged him at the Reed Hotel. Sergeant Pincock visited his room last evening and found him lying in a pool of blood with his throat cut from ear to ear. He severed his windpipe but missed his jugular vein. Switzer was able to speak and said some one else wounded him.

WOODLAND RACES ARE CALLED OFF

WOODLAND, Cal., Sept. 6.—The proposed racing meeting for Woodland has been called off. C. A. Spencer, who has been promoting the event, was unable to secure enough entries among the horsemen attending the State Fair to insure the success of the meeting. The best horses will be taken to Oregon or to Los Angeles immediately after the close of the State Fair.

They were all so well pleased with their trip that they intend making the run again in a few weeks.

Other prominent arrivals were: Mrs. E. C. Todd, Mrs. Miss W. Parkhurst, both of Honolulu; Mr. and Mrs. R. J. Tyson, Col. Wm. Brady, Mr. and Mrs. Zoeth S. Eldredge, Mr. and Mrs. T. S. Milton, of San Francisco; Mr. and Mrs. C. F. Baker, R. T. Hornung, Wm. Downes, A. K. Nelson, of Oakland; E. J. Williams, of Alameda; A. J. Williams, of San Leandro; E. J. McLaughlin, of Oakland.

CHICAGO SCHOOLS BREAK ALL RECORDS

CHICAGO, September 6.—More than 247,000 children thronged through the open doors of Chicago's public schools yesterday and began the work of a new year. The initial attendance exceeded that of any previous year. The first days attendance last year was in round figures 235,000.

More than forty different nationalities were represented. A large increase in attendance in the domestic science, household arts and manual training classes was recorded. It is estimated that the total increase in these branches of learning will be 3000.

Women seem to have taken up the work for peace, since there is a constant flow of last words at Portsmouth.

CAPWELL
SAYS TO
BOOSTWell Known Merchant
Tells About His Trip
East.

H. C. Capwell, president of the Board of Trade, and president of the H. C. Capwell Co., has returned from an extended business and pleasure tour, in which he visited Portland, Seattle, Tacoma, New York and other Eastern cities, where he made large purchases of goods. When seen by a TRIBUNE reporter this morning Mr. Capwell had something new to say of the way of developing Oakland. He said:

"I think by this time the California climate is just about exhausted as a topic of conversation to interest Easterners who may be contemplating a change of residence. It is acknowledged from the Pacific to the Atlantic that California has a corner on ideal climate. It is such an acknowledged fact that people have ceased to wonder at it.

"I was impressed by one thing very deeply in making the trip from here to Portland, Seattle and Tacoma, and that was that the entire Pacific Slope is so closely connected that each and every part must act in harmony with the other to secure the best results. If we cannot persuade the tourist to remain in Oakland by our superior advantages, we should take pains to find out where the traveler wishes to go, and then 'boost' the place. If it is San Diego, we should have a good word for that town. If it is Portland, we should praise that town. From San Diego to Seattle the Boards of Trade and commercial bodies should take it on themselves to 'boost' the entire West. New York City has 5,000,000 of people. The entire Western slope cannot boast of that number. Chicago has 2,000,000. It is from the centers of population that we must draw the surplus. All of the emigrants cannot be located in one city. This being so, the next best thing is to have them located on the Pacific slope.

WANT PEOPLE.
"What we want is people to come West. As water finds its level, so will this population seek out its own center. Oakland is more advantageously situated than any city on the coast. The city will share fully in the benefits of any movement which will induce the residents of the Eastern cities to go West.

"By developing the entire Pacific Coast, by each city boosting the other, we will secure something like permanent prosperity. Oakland, by joining with the other cities, would not have to give up individual effort, but if the tourist was not pleased in Alameda county he might be in San Diego county. No matter where the tourist locates it is of benefit to the State and indirectly to every city.

THE BOYCOTT.

"The Easterners are not taking a great deal of interest in the Chinese boycott question. They are interested somewhat in the attitude of Californians. Some of the Eastern manufacturers, and some of the cotton growers in the South, would like to see the exclusion bars let down, but the sentiment is not by any means general. "Of course, the primary reason for my going East was to buy a stock of goods. We have always been hard buyers to suit, but on this occasion we have been suited entirely, and think that our patrons will agree with us as to the quality and price of our stock. We are well prepared to show the fall novelties and styles, and in a few days will have the latest on exhibition."

BEATEN FOR MAKING
MAN PAY LICENSE

With his face bleeding and suffering from a number of contusions, William Whittaker, forty-eight years of age, who lives at the California House at Sixth and Broadway, went to the Receiving Hospital this morning for treatment and told a tale of being beaten by a peddler whom he had reported for peddling without a license and caused to be arrested some weeks ago.

SUMMONED WRONG MAN.

The trial of George W. Marsh, charged with stealing a bicycle, was begun this morning and then continued until next Friday, owing to the fact that a wrong service of a subpoena brought the wrong witness into court. The subpoena did not signify whether it was a father or his son that was wanted, being made out simply as M. Dorman. It happened that there were two M. Dorman, and the father was subpoenaed, while the son, who is wanted, is away at the present time in Sonoma county.

BUMP MADE LOVE TO THE
YOUNG AND OLDCourtied Pretty Miss and Tried to
Hug Elderly Matron,
They Testify.

As an illustration of the vagaries of mind with which old Nelson Bump was afflicted prior to his death, the attorneys for Mrs. Sarah L. Bump, the widow of the deceased, who is now fighting for a share of a \$50,000 estate left by him, put Miss Sidney Shearer on the stand.

Miss Shearer is endowed with more than her share of good looks, and she told of how Bump expressed his admiration for her and told her that he was going to get a divorce from his wife and marry her. Finally, one day he thought that he was married to her and imagined that they were living at a hotel at Sacramento together. He insisted upon knowing how much it was costing them to live there and Miss Shearer stated that Bump told him that it was not costing them much. In this and other ways she succeeded in making Bump forget his illusions.

She had lived with Mrs. Bump at the home at 918 Chester street for about a year and a half, and during that time, she said, the old man would often look at her in the house and could not find

his room and would have to be shown how to get there.

The only other witness whose testimony was taken this morning was that of Mrs. H. S. Turner, an old lady who lived with Mrs. Bump before Miss Shearer went to the house. Mrs. Turner was a sort of a companion to Mrs. Bump, and she testified that on two occasions Bump had tried to hug her and in fact did put his arms around her. While not as old as Mrs. Bump, Mrs. Turner is long past the meridian of life, and the inference was that had she been as pretty as she once was there would have been no indication of insanity in Bump's being attracted to the extent of putting his arms around her, but having reached her time in life and Mrs. Turner it is claimed is immune from such attentions and Bump should have known better.

The trial of the case is now in its third week and the end is not yet in sight. Attorneys M. C. Chapman and W. A. Dow are still putting in their side of the case for Mrs. Bump, and the defense has still to be heard from, although one or two of their witnesses have been called out of their turn and their testimony taken.

FAMILY IN
ROBBERY

SAN FRANCISCO, September 6.—The police believe they have in custody a man and woman who are responsible for the numerous highway robberies in Golden Gate Park. They are man and wife, and the husband, William Sampson, lies on a cot in the Central Emergency Hospital, suffering from a gunshot wound, and the wife and her bright-eyed, fair-haired baby girl are held in detention at the city prison.

Tearfully the woman prisoner denies all knowledge of crime, and the wounded man declares that he himself is the victim of a desperate four-pair, but the police detectives are satisfied from their investigation that neither is telling the truth.

The officers are convinced that Sampson attempted to hold up Harry Coley, the ex-gambler, in Golden Gate Park shortly after 10 o'clock last night, that the woman drove him to the scene of the crime in a buggy, and waited nearby with her little one until he completed his desperate work, that the crime was only prevented by Coley's free use of his revolver, and that the woman immediately after the shooting whipped up her horse and drove rapidly back to the stable where the rig was hired, leaving her robber husband to make his escape as best he could.

It was between 10 and 11 o'clock last night that Harry Coley was proceeding along the main driveway at Golden Gate Park in company with Miss Nellie Evans, that a masked and armed footpad stepped out of the shrubbery in front of them and demanded Coley's money. For answer to the demand Coley drew his revolver and fired, and the footpad fled at the first shot, and Coley thought he had escaped unhurt, but subsequent developments proved that he was in error, and he must have winged his man at the first shot.

SUES TO RECOVER
MONEY

The trial of a suit brought by Thomas Duffy against Arthur Holland for \$1175, which Duffy alleges is due him from Holland as his share as a stockholder in the Eureka Sash & Door Company, of an indebtedness of \$5,000 due Duffy, was begun yesterday.

Duffy claims that he was induced to invest \$500 in the Bay Shore Mercantile Company and given a position as manager of the concern at a salary of \$125 a month. Shortly afterwards the Bay Shore Mercantile Company was turned into the Eureka Sash & Door Company, but Duffy claims that he never received the stock in the company; that his salary only continued six months. He is now trying to recover the money he put into his investment, Holland being the first of the stockholders of the company he has sued on this account.

A FUNERAL OF
LEWTHWAITE

The funeral of the late Alexander Lewthwaite took place this afternoon from his late residence in Fruitvale.

Interment, which was private, took place in Mountain View Cemetery.

The remains were borne to the Eighth Avenue Methodist Church, where the funeral services were being conducted by Rev. J. W. Watson, a life-long friend of the deceased.

There were present several members of the family of Mr. Lewthwaite, more especially the bereaved widow and a number of people prominent in civil and political life in this vicinity. The remains were brought into the church, Rev. Mr. Watson walking at the head of the casket and reading the funeral psalm.

The casket was placed in front of the pulpit and was literally covered with a variety of beautiful flowers, wrought into various and symbolic designs. A number of elaborate floral pieces, also, stood in front of the rostrum. These were the tributes of friends and relatives, to whom the deceased had been endeared in life.

The services were opened by the singing of "Lead Kindly Light" by Mrs. Blanche Watson, after which Mrs. Young and Miss White sang in a very effective manner, "Nearer My God to Thee." Rev. Mr. Watson then delivered a funeral discourse in which he spoke very highly of the virtues of the deceased. At the conclusion of his address the ladies sang "Good Night." The accompaniment on the organ was played by Mrs. W. J. Cook.

The pall-bearers were T. S. Bonneau, W. A. Bowie, George W. Spencer, Charles Maginlis, W. P. Taylor, W. E. Dargie.

Regarding the deceased, among other things, Mr. Watson said: "I have known the deceased for fifty years. We were closely allied as friends. For twenty-five years we lived side by side as neighbors. I knew him and all the members of his family and never knew of him save as a noble gentleman. We all knew and admired him and we knew how high he stood in the estimation of all with whom he came in contact as an honest man. His life was woven into a beautiful garment, and when it was completed a few days ago God said it was good. His father and mother and sisters, like himself, were Christian people.

"He was careful to comply with what he understood to be what was right. As long as I knew him I never knew of anything that was not upright and noble. He was a good citizen, an exemplary neighbor, a kind father, and a kind husband. It was my pleasure a few days ago to speak with him, and I told him that if it should be my pleasure to enter the 'pearly gates' and did not find my life-long friend Lewthwaite there that I would feel lone some indeed. I will never forget those dark eyes of his as he gazed upon me looking intently, and with a halo of light upon his features, saying to me, 'All is well with me.'"

PRINTING TREATY.
LONDON, Sept. 6.—The Anglo-Japanese treaty signed August 12 is not yet ready for promulgation, some of the formalities in printing, etc., having yet to be carried out.

At the Foreign Office today it was said that the treaty would be ready early next week, but before publication it would be communicated to the Powers. Although the Powers interested are not yet in possession of the terms of the treaty, their representatives in London expressed themselves as satisfied, as it is generally understood that the treaty does not interfere in any way with existing rights.

READY
FOR DASH
TO POLECommander Peary Sends
Final Word Before
He Starts.

NEW YORK, Sept. 6.—What is believed to be the final word from Commander Robert E. Peary before his return from his attempt to reach the North Pole, was received today by Herbert L. Bridgman, of Brooklyn, secretary of the Peary Arctic Club.

The message came from Etah, north Greenland, and in it Commander Peary stated that his ship, the Roosevelt, would leave that port on August 16, the date of the message, with twenty-three Eskimo men, and some 200 dogs, to establish a base at Cape Sabine for the final dash into the frozen zones about the Pole. Commander Peary added that the machinery of the Roosevelt had been overhauled and that everything was in readiness for the ice-fighting. All on board were well.

I. D. TOBIN WINS
AGAIN

Police Court No. 2, and sometime bailiff on dark streets at night, this morning scored a victory by being permanently appointed bailiff by the Board of Police and Fire Commissioners, the appointment to take effect October 1. Tobin has now been relieved twice as bailiff and appointed three times. He has always had his heart set upon the position to which he was appointed this morning, but by inadvertence, mishap or misfortune as soon as he got comfortably settled as bailiff there came an order banishing him from the sunshine of Police Judge Samuel's smile and relegating him to night duty where places were dark, and where as a rule there was no light but the pale light of the moon and stars.

These abrupt changes from day duty in a courtroom to night duty on the streets was a severe test of Bailiff Tobin's equanimity and also wet blanket to his ambitions.

Commissioner McElroy and President Mott this morning decided to put an end to the disquietude in police circles by appointing Tobin to the position Commissioner Turner was absent.

NELSON SAYS FIGHT WILL
TAKE PLACEReferee Question, However, Has Not
Been Settled by the
Managers.

SAN FRANCISCO, Sept. 6.—"There will be a fight," said Nelson at his training quarters today. "Don't worry about that. I will fight Britt at Colma Saturday, but you can say that what Nolan has done meets with my approval. If he has objected to Jeffries he has good reason. I will take any man for referee, barring Billy Roche. He can't act, but any of the others will do. This is my position in the matter."

Jimmy Britt appeared to be not the slightest disturbed by the referee matter for this morning. After coming off the road he was seen by a representative, and he remarked: "I am not bothering myself a particle about the referee. That is out of my hands entirely. I am not a diplomat, I am a fighter. I am out here training to fight, and I will be ready to enter the ring Saturday."

"What do you think of Nolan's action in regard to the referee?" Jimmy was asked.

"Whatever Nolan does gives me no surprise," replied Britt, his words blurring with sarcasm. "He is a very small part of this affair, and I might say a very small part of the people who are associated with him. He is trying to lead people to think that he is a bigger man than Nolan."

It has been suggested to me that Nolan now wants to split the purse and is talking on the referee to carry his point. That may be so, but I have no reason to believe that such is the case. You can say that Mr. Jeffries will referee the fight, and that there will be no purse split. Jeffries is suitable to me, and he was to Nolan up to now. One thing about Jeffries, he has the respect of the public, and that is worth something."

"Any man except Billy Roche can be referee," said Nelson.

That sweeping statement to the sporting world certainly brings Jeffries into line of being the referee, and it is a strange reasoning Nelson approves of all that Nolan has done.

ELLA E. Henry began divorce proceedings against George L. Henry this morning, charging him with desertion. She recites that they were married in this city July 29, 1896, and that about the 1st of May, 1900, he left her, and since then has refused to support her or live with her. There are no children and no community property, and she asks to be allowed to resume her maiden name of Ella E. Jones.

In regard to alimony, Mrs. Henry stated that her husband is possessed of property worth \$30,000, and that he receives an income from it of \$500 a month, and that the reason he is abundantly able to support her. She asks to be allowed a reasonable monthly sum for her maintenance.

Della M. McChesney has brought divorce proceedings against Ralph N. McChesney on the ground of desertion. She recites that she and her husband have been married for ten years, but of late she has allowed her affections to stray from him.

HASSE ARRESTED
AT HIS HOME

Otto L. Hasse, against whom four indictments were brought—by the Grand Jury yesterday, was arrested at his home at 559 Twenty-third street at an early hour this morning by Deputy Sheriff Scanlan.

Although a bench warrant was issued for him yesterday he could not be found, he having gone to San Francisco. He did not return until the last boat. He was found this morning, however, and was taken to the Sheriff's office, where he was allowed to wait until he could communicate with Attorney John J. Burke, who immediately began to try to secure the additional bonds.

On the first charge the bond was fixed at \$2000, and it was also fixed at \$2000 on each of the four subsequent charges, but this morning Judge Waste consented to the reduction of the bond to \$1000 on each of the four last counts, making Hasse's bonds aggregate in all the sum of \$6000.

The names of the pallbearers are: St. Clair Hodgkins, Tony Wessler, Fred Schwarting, Charles Cary, Frank Cary, and Charles Benjamin.

DR. SALMON SENDS
IN RESIGNATION

WASHINGTON, Sept. 6.—Dr. David E. Salmon, chief of the Bureau of Animal Industry, Department of Agriculture, has tendered his resignation, to take effect immediately upon the appointment of his successor.

It is not stated whether the resignation was the result of charges filed against Dr. Salmon recently, when he was excoriated by a board of inquiry.

TO LUNCH
WITH THE
PRESIDENTPeace Envoys Will Be
Entertained By
Roosevelt.

OYSTER BAY, L. I., Sept. 6.—Baron Komura and Minister Takahira, the Japanese peace plenipotentiaries, is announced by Secretary Loeb, will lunch with the President next Saturday. They will come down with the President on the naval yacht Syph.

The same evening M. Witte and Baron Rosen will dine at Sagamore Hill. They will come from Long Island City to Oyster Bay in a private car. The reason for the Russian envoys coming by train is because of M. Witte's preference for railroad travel.

KOMURA'S TELEGRAM.
The following are the copies of telegrams received yesterday by the President from Baron Komura and from M. Witte and Baron Rosen, announcing the signing of the peace treaty between Russia and Japan:

"Portsmouth, N. H., Sept. 6.
"To the President:
"I hasten to inform you that the treaty of peace has just been signed. Humanity is under a lasting debt of gratitude to you for the initiation and successful conclusion of the peace negotiations. I beg to be permitted to add my own thanks and sincere acknowledgment."
KOMURA."

WITTE'S WIRE.
"Hotel Wentworth, Newcastle, N. Z., Sept. 5.
"The President:
"We have the honor to inform you that we have this day signed the treaty of peace with Japan. It is not for us to thank you for what you have done in the cause of peace, as your noble and generous efforts have been fittingly acknowledged by our august sovereign. We can only express to you and to the people of your country our personal sentiment of profound gratitude for the cordial reception you have done us the honor to extend to us, and which we have met with at the hands of the people in this country."
"WITTE."
"ROSEN."

CLEAN SWEEP

His Confession Does Not Go Beyond the Last Session of the Legislature.

SAN FRANCISCO, September 6.—The session of 1903," said Harry Bunkers yesterday, "then came a night he told and looked at the surface when the first show in said the water was not cold. It was his first admission that he had ever made a statement with reference to the hoodlums of the last Legislature. Then he turned and resumed his pace up and down, up and down, up and down the strip of threadbare carpet running along the narrow corridor of the Sacramento jail.

"No, sir, I never mentioned them names, either. But there, I am not going to say about it. Say to you know, I have lost sixty pounds; I weighed 215 when I came to here; now I weigh 155. I am not a hoodlum, and I am not a hoodlum's friend. They let me saw wood out there in the yard; when a fellow has a big pile of wood before him and a good saw, he is not saying anything not thinking hard; he is just sawing wood. Then we play hardball in the evening out there in the yard. Yes, I am hard, hard as nails, hard enough to do anything—anything," and his jaw set and he was a good deal of a man to talk of a desperation that was ready to take a long chance; the desperation of a wild creature that gnaws off a foot to escape from the steel jaws of a prison.

The few months in jail have wrought a wonderful physical change in Bunkers, a change that is not to be overlooked by those who knew the Bunkers of a year ago, stepped into the jail corridor and asked to see him the jailer said: "There stands Bunkers right in front of you, and so he was, but the caller had to look twice to be convinced. From a round-shouldered, meaty fellow, Bunkers has been reduced to 175 pounds, hard-muscled and as active and supple as a cat, but his color is bad, and a pair of blue-white lips tell of a depressed heart. After his reference to his life in jail the conversation ran on general lines, with Bunkers as the talker. He wanted to know what was going on "down in the city" and asked after 101 fellows, but not French, Wright and Emmons.

FRENCH CALLED AT THE JAIL. "Moorehouse is coming up tonight," he was informed. Moorehouse is his attorney, and Bunkers did not make a comment on the news. Up to last night Moorehouse held to the expressed opinion that his client had not made a confession. It is understood that Bunkers feels more kindly toward French than toward Wright or Emmons. French has visited him in jail, Wright saw his lawyer.

When did you last see French? Bunkers was asked. "Oh, about three or four weeks ago; he was here."

Before or after you made your statement? "A—," he opened his mouth to reply, "he remembered and grinned. "Now, what was he going to say? "About" or "After" French was at Sacramento about the time Bunkers made his confession, and call at the jail to see him. That French had any connection with the confession may not be mentioned, but it is believed that he "got none the worst of it," and he may have known what was going on in it.

When 12 o'clock struck Bunkers turned quickly to go to dinner, he said he. "They don't wait dinner on one here, nor turn down his chair at the table. So long, if anybody asks after me just tell them that you saw me, and the ex-senator passed out for his plate and cup. This evening, after the sun drops behind an adjacent building, Bunkers will be in the jail yard, with others convicted or waiting trial, playing handball against the high, dead wall.

It is now believed that his confession will not be introduced, but he will be placed on the stand and the sworn opinion held over him if he does not follow his text. If he has implicated others in the matter, he has since remained "uncommunicated" to all but the officers of the court.

"It's all a d—d lie. I never mentioned

TUNNEL

COMMITTEE OF MERCHANTS EXCHANGE GIVES FIGURES.

The directors of the Merchants' Exchange held a meeting last night and discussed several matters of interest to the public.

The following report was presented: "To the Merchants' Exchange of Oakland—Gentlemen: Your Tunnel Committee to whom was referred an article, one portion of which referred to the tunnel connecting Alameda and Contra Costa counties, respectfully report as follows: "The article which was published in a local paper of August 19, 1905, and which was signed by a county official, stated, quoting the exact words: 'The tunnel cost Alameda county \$68,424.49.' "This statement seemed to be incorrect, as your committee submit a copy of the official report of Supervisor Rowe, under whose supervision the work was done. "That report states that the total cost of the tunnel, including surveying and advertising amounting to \$381.87, was \$35,772.67.

"The report states that the approach to the tunnel, including roads, bridges and culverts, cost \$18,017.33, making a total cost of \$53,790 for the tunnel and approaches.

"If this report, which is official, is correct, the cost of the tunnel was \$35,772.67, while the article stated its cost to be \$68,424.49, a discrepancy of \$32,651.82.

"The Board of Supervisors of Alameda and Contra Costa counties received bids for the construction of the tunnel, and after careful consideration of the circumstances decided to reject all bids and do the work by day work.

"Your committee believes that this was the proper course to pursue and we believe the work was done in an honorable and straightforward manner.

"While it is a fact that Supervisor Rowe superintended the work, it is also a fact that the work was done under the supervision and by the order of the Board of Supervisors, and any reflection on Supervisor Rowe is a reflection on the entire Board of Supervisors.

"The Merchants' Exchange was the promoter and earnest advocate of the construction of the tunnel, believing that it would be a great benefit to Alameda and Contra Costa counties.

"The completion of the tunnel has been of signal benefit to the trade of this county and has increased the traffic especially of Oakland and Berkeley.

"Your committee believes it was a business proposition and was conducted in a business way, and we regret that at this late date an effort should be made to throw the matter into politics for purely personal reasons.

"In conclusion, your committee report that the tunnel and approaches have been constructed in a workmanlike manner and at a cost reasonable under the circumstances and legal limitations existing under the law.

"The tunnel and approach on the Alameda county side is a monument to the generosity of the subscribers, of both counties, and the persistence of the Merchants' Exchange of Oakland.

"We believe that the taxpayers of Alameda county are satisfied that the tunnel was honestly constructed and that value was received for every dollar paid for its completion.

"We, therefore, report that in our judgment the said article which was referred to us is incorrect, misleading and not worthy the attention of the people of Alameda and Contra Costa counties.

"Your committee believes that the taxpayers of Alameda and Contra Costa counties are satisfied and pleased that the tunnel has been constructed and a road of easy grade completed connecting two of the richest and most important counties in the great State of California.

"We submit as a part of this report the official report of cost of construction as made to the Board of Supervisors.

"Respectfully submitted, "J. F. V. SOEST, Chairman. "GEORGE W. ARPER. "WILBER WALKER.

A communication was received from S. A. Williams, secretary of the Express and Draymen's Association, asking for sympathy and aid in an endeavor to prevail upon the Board of Public Works not to use crude oil on the macadamized streets of the city. C. B. Childs, a member of the association, was present and stated to the directors his very strong opposition to the use of oil. He stated that the oil was a nuisance, clinging to the wheels and taking off the paint and varnish. He also stated that the oil made harder pulling for the teams and that the oil streets were always avoided by the drivers of large wagons.

A committee was appointed to see Mayor Mott and the Council committee to protest against the use of oil on the streets, consisting of Directors Downey and Arper and C. B. Childs.

This committee was also instructed to protest against the manner in which the streets are being repaved by the gas and water companies after the laying of pipes, and by the city employees themselves, who, it was stated by several members of the Exchange, filled in the deepening in the streets with large stones, which become scattered and render the highways almost unfit for use by horses.

NO DIFFERENCE
Old People Just as Happy as Young.

Age cannot wither nor custom stale the infinite variety of life.

When the right food makes one new each day there seems as much simple happiness when one is old as when young, but bounding health is the requisite and right food produces that.

A happy woman of 77 tells her experience:

"For three years," she says, "I was greatly troubled with a nervous affection of the stomach, which at last brought me to such a condition that I could neither eat nor sleep with any sort of comfort. I gave up very despondent and felt that my hold on life was very uncertain. It was difficult for me to find food that I could digest. My doctor kept me on a diet of rice for a long time, but it did not seem to give me any strength.

"I am glad that at last I decided to try Grape-Nuts food, for it has done a wonderful work for me. Before I had used up the first package I began to take a new interest in life, and I rapidly increased in health and strength. My stomach has regained its normal tone and in the two years that Grape-Nuts has been my only food, I have not had a sick day. I am 77 years old and Grape-Nuts has restored to me the pleasure of living. I am sorry I did not begin sooner to use it. I cannot praise it highly enough."

ON THE HARBOR

Contract is Awarded to Dredge Channel From Light-House to Fallon Street.

SAN FRANCISCO, Sept. 6.—The bids for the dredging of Oakland harbor were opened yesterday in the offices of the engineering corps of the United States, and as Marshall C. Harris of the American Dredging Company was the lowest bidder he was awarded the contract. His bid was 10 1/2 cents per cubic yard.

The bidders and the price they quoted were: Marshall C. Harris, 10 1/2 cents; San Francisco Bridge Company, 11 1/2 cents; North American Dredging Company, 11 1/2 cents; International Dredging Company of Seattle, 13 1/2 cents; Hawaiian Dredging Company, Honolulu, 14 1/2 cents; B. B. of Honolulu, 17 cents; Pacific Construction Company, 18 cents; W. A. Boole & Son, 23 cents.

The work will commence at 500 feet west of the lighthouse at the entrance of the estuary and will be carried up to 2000 feet west of the railroad drawbridge to a point at the foot of Fallon street. The channel is to be deepened five feet for a width of 350 feet and it is estimated that the entire amount to be excavated will be 1,665,000 cubic yards.

The award of the contract for the work of deepening the Oakland harbor to the extent indicated for the sum specified in the successful bid means much for Oakland and this part of the Pacific coast.

As the rise of the water at high tide is between six and seven feet above the low tide mark this deepening will permit vessels drawing twenty-five or thirty feet of water to enter this harbor with safety on the high tide. In addition to this at the lowest stage of the water there will be five feet more water than in the harbor in this section, as none has a depth to exceed 20 feet at low tide.

This will mean that the largest seagoing vessels can safely come into and go out of Oakland harbor on the high tide and all under the very deep draught will be able to use the channel in the lowest stage of the water.

The fact that the deepening of the channel is to be accomplished with a smaller expenditure than was provided for by the last Congress will permit additional work in the direction of harbor improvement aside from the actually dredging. The left over \$175,000 will give to Oakland and the Pacific coast just so much more in the way of improvement and added facilities for handling larger shipping at this port.

Congressman Knowland and Mr. Lachlan worked like Trojans for the appropriation and when the bill went to the Senate Senator Perkins succeeded in getting an additional \$100,000 placed therein as a rider and the total sum of \$265,000 was the result.

The contract awarded yesterday will leave \$175,000 of the appropriation unexpended. Just how that will be used will probably be decided by the War Department and Col. W. H. Heuer as its local representative.

LICENSE DENIED WILL EXTEND THE MAUTZ SEWER

SALOON WOULD HAVE BEEN TOO NEAR A SCHOOL HOUSE.

RELIEF.

An ordinance appropriating \$5,500 was introduced last night at the Council for the extension of the Twenty-second avenue sewer. The ordinance was introduced in conformity with the recommendation of City Engineer Turner.

This is but one of many outlay sewers that the city should construct. The Engineer has prepared a general plan for giving relief to the property fronting along the Estuary but it will probably require the calling of an election to determine whether bonds shall be issued or not to carry out the improvements.

The ordinance introduced last night was referred to the Ordinance and Judiciary Committee.

MAUTZ, who for several months has been seeking to get permission from the Council to construct a saloon at the corner of Fifth and Harrison streets, near the Harrison School, was last night denied a license. He was asked to withdraw his application for a license without the matter going to a vote. He thought, however, that he had the necessary six votes and asked that the matter be finally decided.

When the motion to deny the license was put by Acting Chairman Meese, Councilman Atkinson, Elliot, Donaldson, McAdam, and Fenderson voted to deny it. Bacus, Burns and Hahn voted for it.

Mautz's application was opposed by the Board of Education on the ground that it was too near a public school. He will not be allowed to make application for another license for a year.

ALL WIRES ARE TO GO UNDER GROUND

Corporations Will Carry Out the Order of the Council Within Three Years.

The City Council last night finally passed the ordinance providing that all the wires of the city shall be placed under ground within the fire limits. This includes all wires except those of the Oakland Traction Company. The measure was passed unanimously and is the first actual accomplishment of the present administration.

According to the ordinance it will require three years to complete the work of laying the wire under ground. The

SPLENDORS OF DURBAR AT THE CIRCUS

Splendors attract the eye of all mankind quite as much today as in the ancient times. Man is vain and admires more his own handiwork than he does the choicest creations of nature. The precious stone is lustreless till man's cutting and polishing transforms it into a glittering gem. Every time man places his foot upon the ground he touches a creation more ancient than the ruins of the most remote antiquity, but a structure of his own erection. If no more than a single century old, halts him and his interest is aroused. These things are true now—they have been so for all time.

The earliest records of man's thoughts and deeds teem with accounts of his displays of riches and power. Traditional splendors are never those of nature, but of man. Some are invested with a glamor antiquity lends. Others of more modern being have been minutely described. With the aid of tradition and history and imagination some fairly adequate idea of ancient splendors may be formed, and then—ah! pale into insignificance before the glories of the gorgeous Durbar at Delhi.

This surpassing spectacle will be reproduced in simulation as a prelude to the performance given this year in the Barnum & Bailey Greatest Show on Earth. Preparations for this mimic pre-

OAKLAND GIRL IS A BRIDE

TACOMA, Sept. 5.—Wesley Richmond, manager of the Northern Commercial Company at Fairbanks, was married to Miss Florence Mero on August 10. The bride arrived at Chena after a trip from Oakland and was taken to Fairbanks by special train. Residents at Fairbanks were made aware of the approach of the engine, which tooted for ten minutes and was then answered by all the steamers in port.

A Step Toward Improvement.

Among the ordinances finally passed by the City Council last evening are two which are especially indicative of the general policy of municipal improvement that has been outlined by the present administration. One is the substantial appropriation for the construction of a rock wall along Harrison boulevard, and the other is the final action of the city with relation to the placing underground of all wires belonging to the municipality. While the expenditure of no great amount of money is involved in either case, still the passage of both ordinances is worthy of passing remark, as it constitutes a significant step toward the realization of Oakland beautiful.

It has long been argued by many that the real future of Oakland lies in the development of its attractions from the standpoint of a desirable resort and place of residence rather than in commercial supremacy, and it is pointed out that only as sufficient attractions are established can the desired influx of population, of homeseekers be secured. Unencumbered streets in the business section and boulevards and parks in the residence districts are two of the most important factors in this scheme. Within a short time telephone, telegraph and light wires will have disappeared. The corporations have pledged themselves to do their share, and the municipality is about to lead the way. So far as the street improvements are concerned, it is reasonable to expect, from the reforms already instituted by Mayor Mott and the Council, that the building of boulevards and beautifying of driveways will soon be a thing of the present.

On the other hand, those who believe in the great commercial future of Oakland are rejoicing that the deepening of the harbor is to be immediately carried out. Yesterday the Government awarded the contract, and the work is to be begun at once. The cost of the work will fortunately still leave one-half of the appropriation to be applied to other improvements than that of actual dredging. With the consequent facilities for the handling of deep-water shipping, there is greater hope of Oakland becoming the terminal, in the true sense of the word, of the trans-continental lines that run or are to be run into it.

At a church conference near Santa Cruz the presiding elder insisted upon the taking up of a collection before dinner was served. It is to be hoped that the amended sanitary ordinance, which is to shortly go into effect, will be so enforced by the Board of Health that no further agitation of the garbage question will be necessary. The provisions of the new ordinance are such as to require the co-operation of the householder to make it a success. The great problem in most cities has been to impress people with the necessity of segregating garbage from other waste matter, and to compel them to maintain separate cans. The Board of Health wisely desires the appointment of a sanitary inspector whose special duty it shall be to see that the new regulations are complied with, and the City Council should not hesitate to grant the request as soon as it is made.

UNIVERSITY FARMS.

Laboratory work in connection with theoretical instruction is one of the main points insisted on in the August circular which the College of Agriculture of the University of California is sending out with its experiment station reports. The present circular is an extract from a lecture delivered by Professor L. H. Bailey, of Cornell University, at the summer session in Berkeley. He was talking about present problems in agriculture, and the part of his lecture which the college wishes to specially call attention to is that in which he explains the purposes of a university farm.

The professor states that about one-half of the agricultural colleges of the Union are separate from the universities. Without dis-

patting these colleges he wishes to encourage the adoption of the policy that the university idea should be a unifying idea in the community, and that therefore the agricultural college work should not be separated from the university. The two most important ways in which the university in recent times is gaining an influencing connection with public affairs are the university extension and the experiment station. The ideal of modern education is that it should bear close relation to real life work, and to this end laboratory study is more insisted upon. This experimental work should not lose the advantage of the guidance, assistance and co-operation of such other methods of knowledge as only a great university can afford. As the lecturer states it: "All laboratories are pedagogically valuable in proportion as they are in vital connection with theoretical instruction."

The point made by the lecturer from Cornell shows us the advantage we have by our system of experiment station work in connection with the State University. It is work of that kind that a university farm is mainly useful for. Such a farm should be in the nature of laboratory work and experiment regardless of whether the accounts of the farm show a direct profit or not. It cannot be made a model farm, nor a typical farm of the State. Such farms are for practical farmers; but the university farm and experiment stations are to seek new knowledge and disseminate it with design of increasing the future profits of the practical farmers, and therefore cannot count the costs and estimate the profits as in an ordinary business.—S. F. Call.

MR. CLEVELAND'S INCOME.

Mr. Cleveland's income from his investments is between eight and ten thousand dollars, to which he adds an average of about three thousand dollars by writing occasional essays for publication.

Some years ago Mr. Cleveland had five thousand dollars to spare, and Mr. Benedict obtained for him the right to subscribe for the stock of a projected trust company. The knowledge that the former President was to become one of their shareholders inspired the promoters with a brilliant idea. After consultation they sought Mr. Benedict, and through him offered Mr. Cleveland the presidency of the company at a salary of \$50,000 a year. It was a legitimate undertaking, backed by reputable men, but Mr. Cleveland somewhat reluctantly declined on the ground that he was unacquainted with the details of the business, and that the condition of his health would not permit of the severe application requisite to effective service. Again he was urged to accept, with the assurance that his duties would be nominal, his mere official connection with the company being considered sufficient recompense for his remuneration.

Mr. Cleveland replied simply that that would seem to him too much like selling the use of his name, which, of course, he could not do. That closed the incident.—From Harper's Weekly.

A READING LESSON.

It is a well-established fact that the average school-teacher experiences a great deal of difficulty when she attempts to enforce the clear pronunciation of the terminal "g" of each present participle.

"Robert," said the teacher of one of the lower classes during the progress of a reading exercise, "please read the first sentence."

A diminutive lad arose to his feet, and amid a series of labored gasps breathed forth the following:

"See the horse runnin'."

SHE DEFENDS THE SERMON

MRS. JOHN E. FLINT REPLIES TO A COMMUNICATION IN TRIBUNE.

Editor TRIBUNE:—That poor, benighted creature who wrote that article in the Oakland Tribune, September 4, entitled "The Sermon," needs our pity, for he must be in a most sorry plight than the "poor Indian," whose untutored mind sees God in clouds or hears him in the wind." To go to church, sit behind a \$50 or more hat, behind which he could not see half of the "jewels" with the soft light on them, and which he confesses was inspiring—(why, did not he sit back, close his eyes, and hear the beautiful, grand music—music which helps lift the soul closer to the Creator, who gave man the greatest gift on earth, to lift him up, up, up, until he can almost hear the angels join the choir—this man says, "It was fine—that is, I suppose it was—although too classic for any uneducated ear." Uneducated? Horrors! I can imagine that man's comfort in a church where rag-time music is played on an organ out of tune, smoking allowed, gum-chewing too, where a half-starved, preacher arises who does not dare lift his hands in supplication, his fingers not so white as his head in reverence (poor uneducated minds) and listen to his prayers in "substance," not knowing the exact words and I may add not knowing the meaning either.

Now, can that man who wrote that article really have conceit enough to float in his mind that a single reader of his article would believe it possible to all a church one-third full with an educated, hear the class of people, who would appreciate a high class of music and their "sleek, well-fed clergymen" with a reason and musical voice. If they were serious, such a sermon Sunday to Sunday, would be a misfortune in that article.

He "wondered" his way to "the hotel," he says—read the article gently with his criticism—let us read the cause of his pessimistic views between the lines—vainly trying to be hurtful—humiliating misery instead. Consequently, the confounding of the two words—humility and misery.

Hoping he will try it again with better feelings. I am, respectfully,
MRS. JOHN E. FLINT,
1172 Eighth Street.

CONCERNING WOMEN.

In some countries scarlet is considered a mourning color. It is used in Brazil for unmarried women. At a girl's funeral there the hearse, coffin, trappings of the horses and the livery of the driver would be all of scarlet.

There is a woman of ideas who, when her husband moved out into the country and took a farm, and invited some friends out to a little festivity, served refreshments in a form befitting their new environment. The candies appeared in miniature potato baskets made of cardboard, and the ice cream in diminutive real flower pots, covered with a layer of chocolate, to look like dirt, in which was a tiny green plant, apparently growing.

Every child, sooner or later, loves King Edward of England, as is only natural, he being a lover of children but the little Italian Princess Yolanda's impression of him was not so good. She had been looking forward to his coming and accordingly she was much disgusted to find that she was shut out in the nursery and not allowed to leave it. However, one morning she managed to slip out and enter the room where her parents and their guests were, and to hide herself behind a big chair. But mamma's eyes are very sharp and the little princess found herself discovered. "Yolanda," said Queen Helena, "why did you run away?" "I didn't," replied the child. "I only wanted to see King Edward's crown and they kept me in the nursery. And the nasty man hasn't got a crown after all!"

The new woman seems to have "evolved" to the point where it is a matter of doubt as to which is now really the "weaker sex." At least there are some women who evidently consider themselves physically superior to those who were once regarded as lords of creation. In all times of danger the safety of women and children has

CHARGES TWO HUSBANDS WITH DEEP CONSPIRACY

MRS. RAPP, NEITHERCOTT, QUINN, SMITH, COX, MITCHELL, PIERSON, MALONEY, HEPLER

This picture was made when she was Mrs. Neithercott, which was comparatively early in her marital career, although only four years ago. It is stated by two of the husbands, and added by Mrs. Hepler, that she has never been in the divorce court.

PHILADELPHIA, Sept. 6.—It is likely that the heroine of the eight unhappy marriages, Mrs. Marion Rapp-Neithercott - Quinn - Smith - Cox - Mitchell - Pierson - Maloney - Hepler will be released on bail from Moyamensing Prison. This will depend, though, upon the success of the effort started to find some one who will furnish \$800 security for her.

Mrs. Hepler—plus seven—says that she believes there is a conspiracy on the part of at least two of her husbands to keep her in jail. She speaks in uncompromising terms of both of them.

"I have seen a lot more loving and faithful husbands than they are," said the indignant woman yesterday.

Mrs. Hepler, etc., has a mother who holds like pronounced opinions about the two husbands who have united in

COIN FOR ALL WHO WILL BRAVE MATRIMONIAL SEA

NEW YORK, Sept. 6.—"Any employee of this cafe marrying from this date will receive \$200. Any employee who is married already will receive \$50 at the birth of each child, provided always that such employee shall have been in my service for a period of six months."

The above notice, posted in the Cafe Martin a few days ago, has caused the liveliest interest among the 400 employees of the place. Already the offer made by J. B. Martin, the proprietor of the cafe, has had its effect. There were whisperings of proposals last night, and it is believed that more than one timid swain has been brought to the point of popping the question by the liberal offer of his employer.

Jules Tissot, assistant cook announced this morning that one Marguerite Binet would soon be his bride. Assistant Chef Andre makes no formal announcement of matrimonial intentions as yet, but admitted to a friend that the young lady of his dreams, the charmer who had inspired him to all of his culinary triumphs, a chambermaid named Suzanne, would, in a few days accompany him to the altar. Several of the waiters have shown signs since the notice was posted that matrimony and giving in marriage looked good to them. Even Tony Lustratti, the sixteen-year-old scullion, says that he will take advantage of the offer.

"That's an easy two hundred," he said. "I'd get married for fifty."

Of course, it is not to be thought that the offer made by Martin, is prompted by purely humanitarian motives. He admits that when he promised the bonus for marriages he was actuated chiefly by selfish considerations. "It makes a man steady, and less likely to quit his job," he said.

Perhaps also it will make some of the employees or the place less attentive to some of the female patrons. Strange as it may seem, it is known that in many restaurants and cafes women of good family and wealth go because of the fascination exercised over them by some strapping waiter, and that the private boxes could tell many strange tales in this regard if they had the power of speech.

Anyhow, whatever the reason the offer stands open. Now is your chance, girls. Think of it. Four hundred young men, most of them unmarried, who will be driven seriously to think of matrimony because of the bonus held out to them by their employer. Not a very noble incentive to marriage, perhaps, but in this commercial age \$200 is a pretty tidy sum to go housekeeping on, and the young man can not be blamed if he often holds back from striking his fate with another because of the fear of the drain that it entails upon the purse. And then, too, provision is made for the babies.

CHILD GOES ALONE TO EUROPE

CHESTER, Pa., Sept. 6.—Unaccompanied, little Miss Mildred Walker, the ten-year-old daughter of Mr. and Mrs. Philip Walker, of this city, left New York on the steamer Celtic on a 3,540-mile journey across the sea.

The Celtic is due at Liverpool in eight days, and the child will disembark there and spend a short time from Liverpool she will go to Oldham to visit friends, and from there to Heanor, in Derbyshire, where she will

visit her grandparents. While in England, an effort will be made to get the child an audience with King Edward.

FINDS HIS WIFE WITH HER WEALTHY PARAMOUR

NEW YORK, Sept. 6.—Holding possession of a suit of clothes that does not fit him, but which he took from his wife's room, William Brindle Jr., 40, brought suit for absolute divorce against his wife, Theresa Brindle, 28, naming as co-respondent Jacob Meyer, a wealthy dealer in law stationery at No. 302 Broadway. Harry Edwards, with offices in 302 Broadway, representing the offended husband, says in the complaint that the defendant and Meyer were together for a period of hours extending from the afternoon of August 20 to the early morning of the 21st, when the husband, with the help of two detectives, found them together. Mr. Brindle asserted yesterday that when he entered the room in an apartment on the ground floor of 1832 Lexington Avenue, he literally wiped the floor with the man and that the detectives tied up the suit of clothes in a bundle and threw it out of the window.

MARRIED TEN YEARS.
"We were married ten years ago," said Brindle, "shortly after I came from Louisiana where my home was. Soon after my wife and I separated, but after a while I took her back on the promise that she would forget that man. On June 1 of this year I found them lunching together at the Casino in Central Park. On that same day my wife and I separated again and since then I had her watched by two friends of mine. Last Sunday they met down town and together went to Meyer's house in No. 147 East Forty-seventh street. There they remained several hours. About 7 o'clock they went to a Broadway restaurant for dinner. Before midnight they reached the apartment in No. 1832 Lexington Avenue. The detectives telephoned for me. I was on the spot a few minutes later, and by way of the fire escape we reached the window, and raising the sash went in.

"I could not restrain myself and thrashed the man until they took him away from me. He was then on his knees imploring mercy. Meanwhile the detectives had got hold of his clothes, a panama hat and a cane, and had thrown them out of the window. We all went out and, picking up the clothes, went home."

IN MEYER'S COMPANY.
Harry Edwards, Mr. Brindle's representative, said in the afternoon of that same day, August 21, papers were served on Mrs. Brindle while in Meyer's company. He added that the letters found in Meyer's clothes show that he had engaged different places for her and paid several bills. He felt confident that the decree of absolute divorce would be granted immediately upon the case coming to trial, asserting that Mrs. Brindle had said that she would make no defense.

It was learned that the apartment in which Mrs. Brindle was found by her husband in the company of Meyer belongs to a dentist. He has a housekeeper, a Mrs. Rooney, who is a friend of Mrs. Brindle and who gave the latter hospitality while the doctor was away on a vacation. Upon his return he told his housekeeper that she had better ask Mrs. Brindle to go somewhere else, but she did not comply with his request at once.

The dentist was very indignant at the action of Brindle and the detectives in breaking into his house without authority and at the resultant publicity. He said that he only heard of it when he went to his office, where he was informed by a tenant upstairs of what had happened in the night.

Mrs. Brindle moved at once and went to live with a friend of hers in One Hundred and Twelfth street. She was a Miss Russ of this city, and her father is said to be wealthy.

Meyer, when asked about the allegation made against him, replied that he had nothing to say beyond that it was a mistake and that he denied everything.

HOODOO ON THE MANSION OF MANY MILLIONAIRES

NEWPORT, R. I., Sept. 6.—When the recent automobile accident brought incurring into the family of Thomas F. Walsh another link was forged in a chain of coincidences that will fasten upon the famous 'Beaulieu' mansion the stigma of an occult evil influence upon those who tenant it.

The great house was built by Francis Barrado, Peruvian Minister at Washington. He was immensely wealthy pre-eminent in his own country and the social star of the diplomatic set in Washington. His young wife, a native of Peru, was accounted the prettiest woman in Washington, and when 'Beaulieu' was opened every one acknowledged that she was the crowning beauty of Newport.

Hardly had festivities begun in the new mansion, when Minister Barrado received word from his native country that his fortune had been swept away. 'Beaulieu' was sold at auction. This was in the early 80s.

W. Tilden Blodgett was the second owner. He made extensive improvements to the place, and it was through him that the smart set for a second time throughout that season and the next Mr. Blodgett entertained lavishly, and Beaulieu smiled like the rose. Then came the crash. Mr. Blodgett left Beaulieu without a dollar, and again it was sold under the hammer. The third owner was John Jacob Astor, who never lived in it, but willed it to his son, William Astor. William in turn let it to Alden P. Stockwell.

ANOTHER CRASH OF MILLIONS.
Mr. Stockwell was president of the Pacific Mail Steamship Company. He had married a daughter of Elias Howe, the multi-millionaire sewing machine manufacturer. One would have imagined that their combined wealth should have withstood the malign influences of Beaulieu, but it did not. Mr. Stockwell failed miserably, and left his Newport mansion a broken-hearted man.

The immense architectural exponent of wealth and forerunner of poverty stood idle for several seasons. The fashions were beginning to be suspicious of it. Finally Cornelius Vanderbilt leased it from Mr. Astor's agent. He succeeded in retaining his money, but shortly after he signed the lease his father died.

Whether it was because he had learned the history of the house and felt superstitious about it, or whether he was prompted by some other motive, Mr. Vanderbilt moved out, despite the fact that he had taken a long-term lease. He stood the drain until Thomas Walsh, the rich miner, offered to live in Beaulieu.

"I'm not superstitious," said the miner, for Beaulieu's reputation was such by this time that every stranger in the town heard of it as "the haunted house."

Some time before Mr. Vanderbilt's lease was taken out, the late Senator Calvin S. Brice was a tenant of Beaulieu for a short time. It was while he lived there that he fell from the political throne in Ohio, and lost a large part of his fortune.

These catastrophes have come to be known as "the luck of Beaulieu." It is expected that Mr. Walsh will move as soon as it is practicable to do so.

AMERICAN COIN FOR ENGLISH DANCES

LONDON, Sept. 6.—"More American dollars being put into circulation to keep British society at high water mark," was the observation of a prominent clubman, the other night, at the dance given by Mrs. Marshall Roberts.

Mrs. Marshall Roberts, whose husband, now an officer in the Scots Guards, is the son of the late Marshall Roberts of New York, in his time one of the richest men in America, is admittedly one of the most important of the younger hostesses of Great Britain. She is the daughter of Sir G. H. Murray, K. C. B., and has been married only a few years.

Young Marshall Roberts, who was born in America and who spent his

early youth across the pond, was brought to England by his mother, a Vanderbilt, after her marriage to a colonel in the British army. He was educated in English schools and is now as thorough a Briton as though he first saw the light of day beneath the British flag. He has, however, not forgotten his native land, and is very friendly to Americans, both visitors to and residents of England, as is his wife, whose guests, Americans frequently are.

Both at her mansion in Grosvenor Square and at his country houses, she delights in entertaining citizens of the Great Republic.

It is understood that Mrs. Marshall Roberts is planning a series of social affairs for the winter which will make the season a notable one. Several of the entertainments will be unique, and British society is looking forward to the prospect, as social functions on this side of the Atlantic are usually consigned to a monotonous round of dinners, teas and dances, with little seriously to distinguish one from another.

EVENTS IN LOCAL SOCIETY

WEDDING BELLS FOR MANY BRIDES

GROUP OF WEDDINGS ON BOTH
SIDES OF THE BAY
TODAY.

Today is a day crowded with weddings. There are half a dozen pretty maids in San Francisco, who will plight their troth this evening and the most elaborate event on this side is the marriage of Miss Alda Layman and Edward Hall Dodge at 8:30 o'clock this evening at the Layman home in East Oakland.

St. Luke's Church in San Francisco will be the scene of a wedding this evening when Miss Beatrice Jacques and Albert Audiffred are to be married with a reception to follow at the Palace Hotel.

Miss Edith Muir will be married this evening to Thorndill Carmany, and two other marriages of interest will be those of Miss Carmencita Selby and Frank Hansford Johnson to take place at Menlo Park and Miss Florence Rochat and Dr. Robert Burns Jr., in San Francisco.

Another home wedding of interest is that of Miss Theresa Wheeler and Earl de Veuve in the presence of a small company of friends.

AT LUNCHEON.

Miss Brown's luncheon today at the Palace Palm Garden was a delightful affair. Miss Bessie Haven was the honored guest, and others who participated in the pleasant affair were Mrs. Frank L. Brown, Miss Evelyn Hussey, Miss Fanny Plaw, Miss Charlotte Hall, Miss Lucretia Burnham, Miss Ruth Kales, Miss Rose Kales, Miss Anita Thomson, Miss Ruth Houghton, Miss Elsa Schilling.

AT CARDS.

Mrs. Percy H. O'Brien and Mrs. Walter Dean O'Brien entertained recently at an informal card party. The prizes were won by Mrs. Alfred C. Girard, Mrs. James W. Burnham and Miss Gertrude Palmer.

LUNCHEON GUESTS.

Miss Florence Cornell was hostess yesterday at a luncheon given at the Palace Hotel in honor of Miss Beatrice Spivaco, whose engagement was announced recently. Among the guests were Mrs. Howard Morrow, Mrs. Robert Dean, Mrs. Leven R. Jones, Miss Hazelle Marston and Miss Nana Mighell.

AN ENGAGEMENT.

The engagement of Miss Jamie Russell of East Oakland to William Nodder of Sausalito was announced Saturday evening at an informal affair given at the Russell home.

INFORMAL TEA.

Mrs. George Hammer was hostess yesterday at an informal 4 o'clock tea, complimentary to her sister, Miss Ada Kenna, whose marriage with Murray Orrick takes place Thursday evening. Mrs. Hammer was assisted in receiving her guests by Miss Kenna, Mrs. P. J. G. Kenna, Mrs. Irving Burrell, Miss May Cogan, Miss Myrtle Sims, Mrs. Clarence Hilleary, Miss Elizabeth Orrick, Miss Edith and Miss Bonnie Downing and Miss Noelle de Golla.

TENTH ANNIVERSARY.

Mr. and Mrs. Allen Harwood Babcock entertained forty friends last Friday evening at a delightful reunion celebrating the tenth anniversary of their wedding. The guests included Mr. and Mrs. Alfred C. von der Ropp, Mr. and Mrs. Charles M. Goodall, Mr. and Mrs. Andrew Moseley, Dr. and Mrs. Frank L. Adams, Dr. and Mrs. Lemuel Adams, Mr. and Mrs. James G. Allen, Mr. and Mrs. Francis W. Page, Miss Sally Hampton, Mrs. Arthur Otis and Mrs. George Augur, of Honolulu; Miss Minnie Dyer, Mr. Fred Hall, Mr. and Mrs. Newton Koser, Mr. and Mrs. John L. Howard, Dr. and Mrs. Harry P. Carleton, Mrs. Frederick S. Stratton, Mrs. Boyer and Miss Elizabeth Boyer, of New York, Dr. and Mrs. Hayward O. Thomas, Mr. and Mrs. Ernest Folger, Mr. and Mrs. Frank Brown, Mr. and Mrs. George Babcock, Mr. and Mrs. Henshaw Ward, Miss Margaret Wilson, of San Francisco, Mr. and Mrs. John D. Isaacs, Mr. and Mrs. George Cope, Miss George Cope and a number of others.

CLUB MEETING.

Ebell held its first meeting of the season yesterday and the attendance was very satisfactory. The amendment to raise the dues was tabled after a brief discussion and the problem of the building fund was talked over at length. Ebell has plans for a \$20,000 club house, and as yet the building fund has only reached the \$3,000 mark.

It was decided to form a stock company to raise the funds, and several members have already taken shares. Mrs. W. A. Childs is chairman of the building committee.

The Oakland Club held a delightful reunion this afternoon at Maple Hall. "Vacation Experiences" were discussed and an informal hour over a cup of tea was enjoyed. In the absence of

MISS KATHERINE BROWN, who entertained at luncheon today for Miss Bessie Haven.

the president, Mrs. Cora E. Jones, the vice-president, Mrs. W. S. Peters, presided.

FABIOLA BENEFIT.

Society people are taking an active interest in the production of "His Excellency the Governor," which is set for September 18, and a large number of seats as well as boxes have already been taken.

Two additions have just been made to the cast, Emilie Kruschke and Walter de Leon, both having brilliant records in amateur theatricals at the University, and each having been authors of a clever "junior farce" for his class. Mr. Kruschke takes the part of "Captain Rivers," and Mr. de Leon that of the inimitable Butler. Seats are on sale at the box office of Ye Liberty playhouse, or may be had from any of the members of the Fabiola Association.

HOME CLUB.

The first musicale of the season at the Home Club in East Oakland will take place tomorrow evening, when Mrs. Beatrice Priest-Fine will give her song recital. This is the first opportunity Oakland people have had of hearing Mrs. Fine since her return from New York, and a large attendance is assured.

Miss Grace Rollins will be the accompanist.

The following program is announced:

FIND MISSING SHOW GIRL. IN BROOKLYN BEER HALL

NEW YORK, Sept. 6.—Flossie Crane, the girl with the Subway voice, who was "discovered" singing in a Concy Island concert hall, and brought to the Paradise Roof by Oscar Hammerstein several weeks ago, has been found after a week's mysterious absence.

Week before last she played an engagement at one of the Proctor houses and although an engagement was open for her at one of the vaudeville theaters last week, she disappeared and no trace of her could be found by her manager.

She had been engaged for this week to sing at Percy Williams' Manhattan Beach Theater, but the young woman with the deep, deep voice had left New York without a word to her discoverer or any one else, and where she went was a mystery.

Both Percy Williams and Mr. Hammerstein began to get anxious as the time drew near for the Manhattan Beach engagement, the former because the young woman had been billed to appear at his house, and the latter because he was her sponsor.

All week they looked about New York for the girl from Concy Island, but without avail. Yesterday they decided to scour Concy Island for her, so they got an automobile, went down to the seashore resort, and made a tour of all the dance and concert halls where she was likely to be found.

There was no trace of Flossie. She wasn't in Concy Island, and they were about to give up the search when a waiter in a place on the Bowery said he had heard the singer was in Brooklyn and had been seen in a concert hall near the Navy Yard.

Williams and Hammerstein got minute directions as to how to get to the place and then motored off to it. Sure enough, they found Flossie seated at a table drinking beer with a sailor, apparently as unconcerned as though the matter of engagements didn't concern her in the least.

When Mr. Hammerstein spoke to her, asking her where she had been and if she were going to keep her engagement at Manhattan Beach, she said:

"I'm mad at you. I don't care whether I sing any more for you or not."

Mr. Hammerstein was astonished, and asked her why that was.

PERSONALS.

Mr. and Mrs. Henry Clay Taft, Miss Christie Taft, Miss Dorothy and Mr. J. Maxwell Taft have returned from the East.

Mr. and Mrs. Harry Smith leave today for an outing at Lake Tahoe.

Miss Eva Frank, principal of the Detention School in Los Angeles, staying with her cousin, Mrs. Weber, on Adeline street.

Miss Mabel Reed has been the guest of friends in San Rafael for several days.

Miss Eda Curdits left last evening for Portland.

E. L. Priest of Oakland is attending the Advent Christian Conference at Santa Cruz.

M. J. Layman spent a few days in Fresno last week looking after his vineyard interests.

Miss Edna Fowler, who has been visiting in Auburn, returned to Oakland on August 25, to resume her duties as teacher in the High School.

Robert Kaefer spent a few days in Woodland last week.

T. G. Harrison was in Oroville last week, where he purchased a home.

The Messrs. Rose and Teresa O'Brien and mother have returned after a summer outing at Lake Tahoe, and will take up their residence in their new home at 1231 Adeline street.

Mr. and Mrs. A. J. Merle and Mr. Merle's brother, H. L. Connor, have returned from a two weeks' tour in the automobile in the Southern part of the State.

"Well, you promised me one of the dresses with spangles on it, like Ada Ritchie wears," said Flossie, "and you were going to get me a greyhound puppy, too, and you never give me nothing!"

Mr. Hammerstein said he had forgotten all about his promises, but would keep them if she would go to the Manhattan Beach Theater this week. After some coaxing Flossie agreed, but further insisted that she wanted a professional matinee.

Percy Williams agreed to this Tuesday afternoon. Then she proposed to go home, and the manager came back to New York with a weight lifted from his shoulders.

"Things are comin' my way," Flossie, "an' my fren's at the islan' as good as the swell guys wot stop at Manhattan Beach. The bunch is anxious to hear me sing at a high-toned place, an' dis is me chance!"

HOLDING VEILS.

Sachets for holding veils are not particularly new, but there are novel ideas in the decoration of these, few which are beyond the skill of the amateur embroiderer. A pearl gray case embroidered in a spider web, smoke gray silk and most real caught flies watched by an equally like spider, worked finely in black, was exquisite, and another, which showed plenty of scope for the imagination, was in cream canvas, the used for cross-stitch single thread, inch-wide border worked in black, representing a strip of Valenciennes, a dainty pattern, encircling what appeared to be a scrap torn from a of coarse net dotted with chenille faithfully was the design portrayed the needle. A quicker and equally festive way of decorating would be to omit the border and trace a path on the cover, suggesting its being the jagged edges turned back, showing a small portion of black worked by the needle.

CALIFORNIA HAS A DAY AT SHEEPSHEAD BAY

BY THE SAUNTERER.

California-bred horses reigned supreme at Sheephead Bay. The lion's share of the money offered by the Coney Island Jockey Club was won by representatives from the Golden Gate in whom Jimmie Jennings' Shot Gun, "Diamond Jim" Brady's Water Light and Burns & Waterhouse's Eddie Jones—tumbled out. Humo. They won their respective stake weights in stake horse fashion.

Jockey Redfern was suspended by the starter for the entire meeting for beating the barrier with Shot Gun. The general disapproval of the crowd holds to the belief that in this instance Mr. Redfern was justifying his own shortcomings on the unbusinesslike part of the stewards on the part of John Sanford and Tom Welsh to have the same reduced or omitted altogether without provocation. The press and

formerly the racing partner of Harry Payne Whitney, will become a breeder of thoroughbreds in the near future. It was reported that he had bought and had secured an option on L. O. Appleby's Silver Brook Farm, located on the Shrewsbury river and near the town of Redbank, N. J.

"Dick" Dwyer is among the victors. He will remain for a week the gate again. He will open the season at Los Angeles and, in all probability, do the starting for the first thirty days, when Jake Holtzman will take his place, and he will go to San Francisco.

Judge Murphy was dissatisfied with the sudden improvement shown by Malinda and, feeling her owners they must explain the lady's poor showing in her previous start.

Phil McGinnis has been assigned to do the starting at the fall meeting at Fip-

But she is at Sheephead Bay in regular training and probably will be sent for some of the overnight handicaps and special condition purses.

The widow of the late Fred Hamlin, the well-known theatrical manager there at Lexington, Ky., where C. W. Ayov saw them first last fall, has bought from Mrs. Hamlin and it is said she paid double the price she asked for the three. Kilika's marvelous speed early was and with extraordinary precy and patience prepared for the most successful coo.

Newton Bennington put some of his large string of yearlings through the mill the other day. The best shown were a brother to Old England, which worked in 28-4-9. Three others likewise worked very fast.

The chief disappointment was a brother to the Futurity winner, Nasturtium, which came in second place, having consumed 26 seconds in running his quarter of a mile.

Bearheart is again in strong work. His trial of six furlongs in 1:18 was considered good.

Left, the chestnut colt by Hastings-Hazlet; is one of twins bred by August Smith.

There has been some talk of a reduction in the present price of admission when the racing season opens at Jamaica Park. The field accommodations are as nearly equal to the big enclosure and it will be diverted to the dollar gate. The purse will not be reduced in any event.

J. J. McCafferty has returned from France and was a visitor at the track.

Willie Shields' fast jumper, Balzac, is handicapped with a bad mouth. But for this five-year-old would be one of the cross-country performers seen here.

M. H. Tichenor & Co.'s fine filly, Lotanna M., has been dropped. The filly has cut down the other day and is generally hamstringing by a horse (said to be Danca) jumping on her near hind half-mile post.

Mr. Newass, one of the owners, deprecated her loss deeply. He had so much confidence in her winning that he

Elijah Wheatley, who leads the winning jockeys in England, terminated his apprenticeship with W. F. Elsey on September 27. It is quite probable, as is said, of leaving the stable which has furnished the horses for many of his forty-one thoroughbred yearlings from the Sixtina, Kingston, Ellerslie, Runnymede, and Recollections stud farms. He was sent recently for a total of \$36,190 in the Sheepshead Bay paddocks by the great American trainer, the star yearling was a full brother to the great sprinter, Burleigh. The bidding started and the bid bidders took a hand and soon the prize money of \$10,000 which figure he was knocked down. There were two claimants to the bid and the referee refused to admit and award to some spirited bidding between Sir Eldred and C. E. Durnell, the latter claiming the colt at \$5000. C. E. Ellison offered \$6000 for full title and Running water. Those that brought \$1000 and over were:

DECLARES ALL THE BETS OFF

SALT LAKE, Sept. 6.—After giving the decision in favor of John Wille of Chicago over Mike Schreck of Cincinnati the referee, Willard Dean, afterward reversed himself and awarded the match to Schreck, declaring all bets off. The contest was held in the Sauer track in a rainstorm. Up to the tenth round Wille had the advantage. Then Wille hit Schreck low and the latter claimed he was unable to continue. It had been agreed that neither was to take a decision on a foul. Accordingly the referee decided in Wille's favor. He was immediately surrounded by backers of Schreck, and afterward pronounced Schreck the winner, but canceled the bets.

Ship Afire With Seventy Tons in Suez Passage.

LONDON, Sept. 6.—A dispatch from Port Said states that the British steamer Chatham, from London for Yokohama, is afire in the Suez Canal and is holding up all canal traffic.

The fire has caused great alarm as the Chatham has seventy tons of dynamite on board.

MANSION ROBBED DURING VACATION

NEW YORK, Sept. 6.—A robbery similar in many particulars to the looting of Jose Aymar's residence, discovered last week, was brought to light early today when Attorney Warren Leslie returned from a vacation to his home in West Forty-third street. A hasty examination disclosed losses aggregating several thousand dollars. The house was found to have been thoroughly ransacked from top to bottom. Large packing cases, in which crapes, bric-a-brac and other goods had been stored, were found broken up and their contents plundered.

EMPLOYEES AND UNIONS CLASH

NEW YORK, Sept. 6.—The Amalgamated Sheet Metal Workers, who are on strike in this city for an increase of wages, decided at a mass-meeting last night to disregard orders for their return to work, pending arbitration. The order was issued by the executive committee of the general arbitration board of the Building Trades Employers' Association, and the unions, which declared the strike to be an unexcusable violation of the arbitration agreement. It is expected that the employers will now declare a lockout and endeavor to fill the strikers' places.

C. A. Provenca has returned from a short visit to Monte Rio, where he visited his parents.

STABS WOMAN IN A JEALOUS RAGE

NEW KENSINGTON, Pa., September 6.—Mark Murray met Mrs. Mary Orris, said to be a dissolute woman at Second avenue and Eleventh street, last night in company with William Heller, her alleged paramour and the rival of Murray, and in a jealous rage drew a knife and stabbed her twice in the left breast.

Local officers quickly formed a posse and pursued Murray to his home near Hill's station, where they arrested him, together with his brother, Harry Murray and Miss Susan Peterson and the three prisoners were placed in jail here about 3 o'clock this morning. Heller has not yet been apprehended. The woman died shortly after the stabbing.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining but the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

CURED OF BRIGHT'S DISEASE.
Mr. Robert G. Burke, Elmore, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 14 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One six-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited.

LOTION AND SOAP
Positive Cure for all Skin Diseases

The wonderful discovery of the famous specialist in skin disease, A. J. Fulton, M. D., Brooklyn, N. Y., is external only. Sanozol treatment is external only.

SUFFERERS FROM
Eczema, lupus, herpes, Ringworm, Prurigo, scrofuloderma, skin cancer, periculis, psoriasis, ecthyma, lichen, syccosis, and all other forms of ulcerative, scaly and pustular skin diseases find immediate relief and permanent cure by the use of Sanozol. It removes pimples and blackheads and cures sweaty or itching feet.
Sanozol Lotion was also the curative agent through which Dr. Fulton accomplished the marvelous cure of a case of Lupus that attracted attention throughout the country, described in the Brooklyn Eagle of March 9th.

TESTIMONIAL.
"I am happy to give you my testimonial. Indeed, I do not think I can say enough for the merits of Sanozol. I had been unable to attend to business for one year. Had suffered for three years before this. My case had been diagnosed as Syccosis by eminent physicians. I found no relief until I was advised to use Sanozol. I am now perfectly cured, and not even a suspicion of my old trouble remains. I can heartily recommend Sanozol Lotion to all afflicted as I was and my family will use none but Sanozol soap for the toilet."

SUDDEN WEDDING OF A BERKELEY TAILOR SELLS BUSINESS DOG POISONER IS BUSY SAN LEANDRO COUPLE TO STUDY MUSIC IN "PAREE" IN ALAMEDA

MRS. PAUL T. JOHNSON (NEE SHORT.)

Go Quietly to Fresno and Are There Made Man and Wife.

SAN LEANDRO, September 6.—The many friends of Miss Millie A. Short and Paul Johnson were surprised by the announcement of their marriage at Fresno today.

Mr. Johnson and Miss Short have been friends for many years, but those who knew them well had no idea that an affair of the heart existed between them. But the romance was there and the couple quietly slipped away to Fresno today and became man and wife. They were united in marriage by a Fresno minister.

Mrs. Johnson, the bride, is a native of Alameda county, and is popular in San Leandro as well as the bay cities. She is a talented woman, a graduate of St. Mary's convent of Grass Valley and a sister of Mrs. Jennie C. Conner of Oakland and Mrs. Grace Haywood of Fresno. She is a sister of T. F. Short of Virginia City.

Johnson is a prominent contractor of San Leandro. The wedding, while a surprise, was a delightful one to the friends of the happy couple, for both bride and groom are popular with the social set of San Leandro, as well as the interior towns and the cities about the bay.

JUNIORS GET TIP COLLEGE ROMANCE
Advised to Have Their Photos Taken Now. Campus Courtship Culminates in Wedding.

BERKELEY, September 6.—All juniors who expect to be represented in the 1907 Blue and Gold have been requested to make appointments for their photographs before October 1, or their pictures will not appear. Such is the ultimatum that has been issued by Editor J. R. Gabbert. "Although college romance has been open several weeks," said Gabbert yesterday evening, "but a small percentage of the class photographs have been arranged for. This is keeping us back in much of our work. As the members of the junior class may just as well have their photos arranged for at once, we have decided to limit the time."

SCROFULA FROM PARENT TO CHILD

The laws of heredity are invariable and the diseased blood of parents is handed down to children in the form of Scrofula. Being thus deeply rooted nothing can reach the disease but a constitutional remedy. The very foundation of the blood is diseased, and until it is purified and made strong, those who are born with a scrofulous tendency cannot have the blessing of robust health.

Cleveland, O., 122 Brownell St. Inherited Scrofula from my ancestry, and this means of course, weak, impure blood and a run-down, debilitated constitution. I did not do me anything like the good S. S. S. did last winter when I took it. It promotes appetite and digestion, gives strength and energy, builds up the general health in every way, and in addition to being an excellent blood purifier it adds to its success as a remedy for Scrofula. It did more for me than anything I have used, and with pleasure I recommend it. S. S. S. completely cured me of this blighting disease.

MRS. LOUISE COHEN,

S. S. S., the king of blood purifiers, is the medicine that is required, because it changes the quality of the blood by cleansing it of all poisons, impurities, building it up and strengthening the entire system. When S. S. S. has restored the blood to a healthy condition and forced out the scrofulous deposits, there is a sure return to health. No remedy has ever been found to equal this great vegetable preparation for the cure of all diseases arising from a diseased or impure blood supply. If you have Scrofula or any tendency that way, write us about your disease and give, without charge, by medical advice you may need.

SSS PURELY VEGETABLE. We and we will send you a book describing the disease and give, without charge, by medical advice you may need.

PRESS CLUB HAS NEW PRESIDENT

BERKELEY, Sept. 6.—At a meeting of the University of California Press Club, officers for the ensuing year were elected. Sam Holman, '06, was chosen president, and George Brown, '07, secretary. Arrangements were set on foot to affiliate the local organization with the San Francisco Press Club. Harry L. Stoddard, '06, was appointed a committee of one to attend to this matter.

Powdered borax scattered in the nooks and crannies of the kitchen will drive away black roaches.

BERKELEY, September 6.—Determined to test the magical art of those Persian voice builders, who make prima donna and operatic stars out of raw material, James A. Graham, a Berkeley youth, has sold his tailoring business at 2148 Shattuck avenue and with the proceeds has bought railroad and steamship tickets that will take him across the big pond clear into the capital of France.

Graham believes, for his friends have assured him, that he has a voice which with cultivation and training may bring him fame and wealth. He has shown his faith by his works. All the bridges behind him have been burned. He has decided to risk all on one throw of the dice.

Today Graham, with his brother Robert, who is also a singer of no mean ability, left for New York, en route to Paris. The brothers have arranged to give a concert at Salt Lake City, and one or two stops may be made for similar purposes in the East, but the stops will not interfere at all with the itinerary of the journey to Europe, as planned. The steamship tickets call for the sailing of the young Berkeley man early in October, and they will be at the pier when the whistle blows and the steamship is ready to leave for the Old World.

"I have done a lot of singing in church choirs," said Graham today, "and could make a little money and perhaps achieve some little reputation in the work, but I have decided to take one big chance and see whether I can't get one of the big prizes in the singing world. If I fail, or if I don't find a prize for me, in the operatic line, then I shall start in all over again, at the tailoring business, and be not much worse off than as though I never had taken the big gamble in Europe."

Graham has not decided what teacher he will train under in Paris, preferring to make that choice when he arrives in "Paree." If worst comes to worst, the Continent—if his money gives out and the operatic engagements do not materialize after a year or two or three of study, then Monsieur Graham will go back to the tailoring line in Paris, or some other European capital.

"I can make it go with the goose and the shears if with nothing else," declares the irrepressible Berkeleyan, "and so I haven't a thing to worry me as I cross the ocean. If I succeed I'll come back to Berkeley. If I don't—well, you won't see James Graham again for as much as some time."

SCHOOLS CLOSE TO STEPHENS

Additions Being Made to Fruitvale Building.

FRUITVALE, September 6.—Architect Cunningham has completed the plans for the re-construction of the Upper Fruitvale School and the plans are in the hands of the School Directors.

The school is crowded and two more rooms will be added to the south side of the building, large enough to accommodate about one hundred and fifty pupils.

The directors have decided to have a heating plant installed. The additional rooms and the heating plant will cost about \$3,500. The Alameda School is overcrowded and the Trustees at a meeting recently decided to finish the upper portion of the building, which will make the school a full grade school of eight grades.

Plans have been drawn by Architect Vorhies and are in the hands of Superintendent Crawford. The directors will receive bids in a few days.

The Fruitvale Cadets Drill Corps is making arrangements for its regular monthly drill-down Tuesday evening, September 12. Refreshments will be served.

The committee in charge of the entertainment is composed of Howard Berry and Rudolph Bitterman.

LOTS SOLD.

Fifteen lots were sold from the new Rosenthal tract, lately opened by the Realty Investment Company of Fruitvale.

The sale was made by W. S. Saunders, president of the company. The price was \$2,800.

Carl Parker to be Assistant to "Prof."

BERKELEY, Sept. 6.—Carl H. Parker, '04, who was recently appointed to the position of secretary to Professor Henry Morse Stephens, in the department of University extension, appeared on the campus yesterday.

Parker was one of the well known students of his class, and formerly edited the Pelican. He has just returned from a year's travel abroad.

Parker was graduated in May, 1904, and immediately started on the trip that was destined to last until a few weeks ago. He went over England, Holland and other parts of Europe, and has now returned to California, where he will be permanently located.

Heretofore the secretary of the University extension has also been secretary to Professor Stephens, but the work is divided, and John Fletcher, '07, will continue to act for Professor Stephens, while Parker will do the outside work, and will assist as a lecturer when his services are needed. This department will probably be provided with offices in California hall, after that building has been completed.

PARTY AT HAYWARD

Mr. and Mrs. Simons Surprised by Friends

HAYWARDS, Sept. 6.—Mr. and Mrs. Samuel J. Simons were given a surprise party by their many friends last week and the affair was a success in every way. About one hundred invitations had been issued and the guests gathered at Dania Hall and proceeded to the Simons residence on B street. The party then returned to Dania Hall with the surprised couple, where dancing was followed by refreshments.

After the refreshments had been served a short program was rendered. The guests present were: Mr. and Mrs. S. J. Simons, Mr. and Mrs. John Simons, Mr. and Mrs. Ed. Juhl, Mr. and Mrs. C. T. THEY ARE HONORED

Juniors Chosen for Winged Helmet Membership.

BERKELEY, September 6.—Fifteen prominent members of the class of 1907 were initiated into Winged Helmet, the junior honor society last night at the Poodle Dog Restaurant in San Francisco. In addition to the undergraduates, Dr. William Conger Morgan, of the Department of Chemistry, was also made a member of the organization.

Winged Helmet was established at the University in 1890, and selects for its members students of the junior class who have been active in college work. Those who were initiated yesterday evening were:

Dr. William Conger Morgan, instructor in chemistry, and a graduate of Yale University.

Gurden Edwards is literary editor of the 1907 Blue and Gold, a member of the Occident staff, and author of last year's Sophomore burlesque.

John Herman Eggers was a member of the 1907 Froshmen glee and Sophomore hop committees, an assistant manager of the Occident.

Alfred Charles Benson Fletcher is news editor of the California, and a member of the 1907 Blue and Gold staff.

John Dundas Fletcher is a member of the Occident and Blue and Gold staff.

John Raymond Gabbert is editor in chief of the 1907 Blue and Gold and athletic editor of the Daily Californian.

Kenneth Claire Gillis is a member of the varsity baseball nine.

Henry Higbee Guttersen was a member of the 1907 Sophomore burlesque.

Calvin William Haffey played on the 1907 Froshmen eleven and is a member of the varsity football team.

Carl Hoffman is on the Pelican staff and Josh editor of the 1907 Blue and Gold.

George Campbell Jones is a member of the varsity crew and is a member of the varsity football team.

Ralph Palmer Merritt is managing editor of the 1907 Blue and Gold, and on the Journal of Technology staff.

Alfred Salisbury was a member of the Froshmen crew and president of the boating association.

Robert Hays Van Sant Jr. is athletic editor of the 1907 Blue and Gold, and on the managing staff of the Sophomore burlesque.

Roy Elton Warner is manager of the Pelican.

Claude Arthur Wayne is intercollegiate tennis champion.

ALAMEDA, Sept. 6.—The dog poisoner, for whose detection a number of well known citizens offer a reward of \$50, is still at work. The latest victim of the malignant individual was the Spitz dog owned by Miss Elsie Johnston of 2244 Clinton avenue, which was poisoned yesterday by some one who threw poisoned meat into the yard as the animal was not permitted to leave the premises.

The dog, who answered to the popular name of "Teddy Roosevelt," was a favorite in the neighborhood. He had been lying on the front steps, and was all right a half hour before he was stricken. The poison produced no convulsions, but seemed to cause a stiffening of the hind quarters, followed by death.

Miss Johnston does not believe that a personal enemy poisoned her dog, but that the dog poisoner has resolved to kill off all the animals in the neighborhood. It is a peculiar circumstance that nearly all the numerous canines poisoned recently have been owned by residents between Chestnut and Walnut streets and between Clinton and San Antonio avenues.

Citizens who have lost dogs at the hand of the poisoner have offered a reward of \$50 for information which may lead to his detection, which will be paid by Dr. T. Carpenter, executive officer of the Alameda County Society for the Prevention of Cruelty to Animals.

BOARD OF TRUSTEES. ALAMEDA, Sept. 6.—The Board of City Trustees is to hold its regular session this evening, no meeting having been held Monday evening owing to the holiday—Labor Day. A number of matters of general interest are to be considered, including the raise in salary for local patrolmen and police sergeants, from \$80 to \$90 for the former, and from \$90 to \$100 for the latter.

An ordinance providing for the increase of pay drawn by City Attorney M. W. Simpson, will be introduced. The matter of extension of Caroline street, south from San Jose avenue to the bay, will be considered, and unless a compromise is effected among the interested property-owners in the mean time steps are to be taken to lay off an assessment district and name commissioners under the old law.

MUNICIPAL EXPENSES. ALAMEDA, Sept. 6.—The reports of the heads of municipal departments on the probable expenses of the coming fiscal year are being received by the City Trustees, who are to fix the tax rate on the first Monday evening in October. Chief of Police John Conrad estimates that his department will require \$19,337, which includes \$1,500 as his own salary for the year, \$1,200 as the salary of Police Sergeant Kamp, the same amount as the year's salary of Detective George H. Brown,

and \$14,040, the salary of thirteen patrolmen at \$80 per month. City Attorney M. W. Simpson, who is paid \$1200 a year, including but \$50 for incidental expenses. The estimate of Janitor E. L. Ward of the City Hall is \$1,425, which includes his salary, amounting to \$300 per annum.

BAIL FORFEITED. ALAMEDA, September 6.—James Burns, arrested by Patrolman Theodore Anderson after he had been caught in the act of carrying off windows from the new Home of Truth, in course of construction at Alameda avenue and Grand street, failed to put in an appearance yesterday when his case was called before Justice of the Peace Fred S. Cone, when his cash bail, amounting to \$50, was forfeited to the City Treasury.

The defendant stated when he was arrested that he was a bookkeeper by occupation, and gave an address on Clinton avenue, which the police believe was fictitious.

CHILDREN'S NIGHT. ALAMEDA, September 6.—The annual "Children's Night" of Carila Chapter No. 116, Order of the Eastern Star, in Masonic Temple, was a very interesting event, fully one hundred children of the order, taking part in the festivities. The little folks, children or relatives of members, provided an enjoyable program. Refreshments were served the little ones, and dancing was enjoyed, with various interesting games, until a late hour.

The program was as follows: Opening chorus, "Our Own United States," by the children; piano solo, Miss Beatrice Lubbock; recitation, Jack Hosman; recitation, "I'm Only a Boy," Missie McQuisten; song, "Tip-toe," Missie McQuisten; piano solo, Miss Marion Moebus; piano solo, Miss Marion Moebus; recitation, "Sand Man," Helen Sturtevant; song, "Dora," Harold Young; recitation, Ruth Harper; recitation, Clarence Nobman; dance, Addie Combs; recitation, "Little Boy Blue," Ella Browning; duet, "If I Should," Jean Sturtevant and Adrian Young; recitation, "Mollie," Marjorie Taylor, chorus, "America."

SCOTT IMPROVING. ALAMEDA, September 6.—Arthur Scott of East Oakland, a young house painter who fractured his skull a week ago in a fall from a house on Ninth street in this city, is now reported improving at the Alameda Sanitarium. It was feared for some time that Scott would die, as for several days he lay in a comatose state, and the fracture on the right side of the head above the temple was a bad one. He is now conscious, and his physical condition is improving daily, and his physician, Dr. L. W. Sudham, thinks that he will recover.

Scott fell a distance of eighteen feet from the roof of a house while endeavoring to move the hook which supported the scaffolding which the workmen were to stand upon in painting the house.

MAGEE SAYS THE "GYM" TO BE GREAT

University "Prof." Enthusiastic Over Prospects in the Cause of Physical Culture.

BERKELEY, September 6.—Within one month, the rejuvenated Harmon gymnasium will be ready for classes. It was expected that the building would be completed by September 1, but Professor Magee, who has charge of this department of the University is of the opinion that the repairs will not be completed before October.

Prof. Magee is very enthusiastic over the prospect of a successful year. "We have the finest all-around equipment of any college in the United States," said he yesterday, "and if the students follow out the plans as to cleanliness it will always be in good shape. The athletes will be well cared for and will have quarters to themselves."

"The visiting athletes will have private showers and lockers on a separate apartment. No men from the University will be allowed in this room while other teams are here, but at other times the second team men will be allowed to use it."

"In the gym proper we now have about \$10,000 worth of apparatus and are constantly adding to it. This year we have the new hydraulic sewing machines, like those in use at Cornell. The eight rowing machines will be installed in the east half of the top floor."

and the fencing and wrestling will be done on the west half. "On the second floor the majority of the 1907 new steel lockers will be installed. These lockers are made of sheet steel and are three feet high, 15 inches deep and about 18 inches wide. The doors are of open work and give good ventilation. This single order is the largest that has ever been placed with any American firm."

"Also on the second floor will be the officers' headquarters, the trainers' and coaches' rooms, and a special bath for injured men."

In the basement will be 165 showers, a tepidarium, fumigating and drying rooms, the hot air and water plants, and the private room for athletes. The dressing rooms will be kept at a constant temperature by means of the hot air flues."

Over 4000 gallons of water will be kept in the tanks at the top of the building and this will insure a constant and equal pressure of hot and cold water and will do away with the necessity of meters."

The basket ball courts have been marked off anew with black paint and the spots have also been renewed. Prof. Magee has announced that the physical examinations for freshmen will probably begin as soon as the baths are ready for use.

and the list for those who wish to participate is still open. A woman's orchestra will be formed, and will in the future play only for such productions. All those who desire to take part should communicate with Ann Thacher, '06.

For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the gums, softens the bowels, cures all pain, cures whooping cough, cures all diarrhea. 25 cents.

BERKELEY, September 6.—September 22 is the date set by the Mask and Dagger Society for the first women students' play of the year. Preparations for an elaborate production are now in progress, and full details will be announced in a few days.

The proceeds of the play will be devoted to women's activities. Several favorites in last year's play have signified a willingness to take part.

Many Matters of Interest Are Handled by the City Fathers at Weekly Session.

At the meeting of the City Council last night there were present Councilmen Aitken, Baccus, Burns, Elliot, Donaldson, Hahn, Meese, McAdam, and Pendleton. Councilman Meese was chosen temporary chairman.

SANITARY BOARDS.

City Assessor Breed and ex-officio assessor of the Golden Gate and Adeline Sanitary Boards, reported last night at the meeting of the City Council setting forth as sanitary boards that he had completed and turned over the assessment rolls of the respective districts. September 18 was set as the date the Council would meet as a board of equalizers.

OVERRULE PROTEST.

The Council overruled the protest of George Roth and others against a sewer being constructed in Forty-eighth street between Cherry and Maple streets.

REPORTS.

Chief of Police Hodgkins reported there were 263 saloons doing business during the month of August in the city. Poundmaster Zabel reported that 230 dogs were impounded during the month of August, 32 were redeemed and 193 killed.

TO STOP EXCAVATIONS.

The City Council directed the Superintendent of Streets to stop all unauthorized excavations of gravel in the Indian gulch.

Councilman Aitken maintained that the excavations were undermining the roadway. Councilman Pendleton stated that if the excavations were not allowed to continue that Lake Merritt would fill up with the sand and gravel washed down by the winter rains. Councilman Donaldson supported Aitken's position as did Councilman Pendleton.

THANK GAS COMPANY.

City Electrician Babcock reported that the Oakland Gas, Light and Heat Company, through its president John A. Taitton, had furnished apparatus for determining light and heat units in gas and that preparations were being made to have the apparatus installed. The Council gave the Gas Company a vote of thanks for the donation.

RESOLUTIONS.

Resolutions were disposed of as follows: Granting Brady Martin, member of the fire department, fifteen days' leave of absence. Granted.

FAMOUS MEN COME ACROSS ATLANTIC

NEW YORK, Sept. 6.—Among the passengers who have arrived on the Kaiser Wilhelm II from Bremen are Lieutenant-General Nelson A. Miles, H. C. Frick, George Westinghouse, P. A. B. Widener, Heinrich Conrad, director of the Metropolitan Opera House of New York; Charles R. Flint, who recently had an audience with the Russian Emperor, and Philippe Bunau-Villars, the French engineer, whose scheme for making the Panama Canal a sea level waterway is to be considered by the advisory board of engineers of the Panama Canal.

DISTRESSING DISABILITY.
The young mother gazed upon her first born, and wept convulsively. They appealed to her to know why her great grief.

LADY'S TERRIBLE RAW ECZEMA

No Tongue Can Tell Suffering—Body and Face Covered with Itching, Bleeding Sores—Awful Pain—Doctors and Medicines Failed.

ANOTHER WONDERFUL CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. I continued with the Soap and Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. Any person having any doubt about this wonderful cure by the Cuticura Remedies can write to my address, Mrs. Altie Olson, Bellevue, Mich."

ITCHING ECZEMA And All Other Itching and Scaly Eruptions Cured by Cuticura.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scaled head; all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Cuticura Soap, Ointment and Pills are sold throughout the world. For full particulars, see the small book, "How to Cure Eczema," sent free on request.

CITY ENGINEER TURNER SUGGESTS PLAN TO GET DIRT.
MINING MAN HAS TERRIBLE EXPERIENCE IN CENTRAL AMERICA.

The following communication from City Engineer Turner relative to securing dirt for the Boulevard Extension was referred to the Park and Boulevard Committee:

"To the Honorable, the Council of the City of Oakland:

"Gentlemen—I have been informed by the contractors for the work that the re-construction of the street railway on East Eighteenth street is to begin in a few days, and that there will be about 5,000 cubic yards of material to be removed between Fifth and Fourteenth avenues.

"This dirt can be obtained, I believe, at the same price as the city has paid for dirt from cellars, namely, 25 cents per wagon load, approximating two cubic yards, loose, which is far less than would have to be paid under contract for filling. It is therefore recommended that the Board of Public Works be authorized to buy such earth at 25 cents per load and use it in the Boulevard extension in the vicinity of East Eighteenth street.

"The present improvement ends about 250 feet south of East Eighteenth street, and for this distance and some 100 feet more, the total width of the Boulevard should be filled with solid material, as the plan of improvement calls for but a single roadway in that section.

"Northward, however, the outer half could be filled with dredgings from the lake without shutting off traffic for a year or more, if the eastern roadway be first built with said material.

"Very respectfully,
"F. C. TURNER, City Engineer."

KAISER TALKS OF YELLOW PERIL

FEARS THAT THE JAPANESE MAY CLOSE "OPEN DOOR" OF THE ORIENT.

NEW YORK, Sept. 6.—Congressman McNary of Massachusetts, who was a member of the American party received yesterday by Emperor William, is quoted in a Times dispatch from Berlin as follows:

"In our conversation the Emperor dwelt on the 'yellow peril' and expressed the opinion that the Japanese would follow up their military successes by closing the 'open door' and by their command of the Pacific Ocean force Europe and America out of the Oriental markets.

"He went on to say that it was necessary for the white nations to stem the yellow peril by uniting. The only power that Japan feared was America, and it was a good thing for the world that the United States was on one side of the Japanese empire.

"The Emperor asked us what we thought of German railways. We said frankly that we believed the American lines were better. The Kaiser assented, but said he thought German cities were better paved than those in America."

MINERS FIGHTING FIRES

FLAMES DESTROY VALUABLE PROPERTY IN IDAHO.

WALLACE, Idaho, Sept. 6.—Flames catching from forest fires three miles from Mullin destroyed the boarding house, bunks and tents at the Snowstorm mine yesterday afternoon and is threatening the ore bins. The entire force of the mine is out fighting flames to protect the timbering in the tunnel. Every bucket in Mullin has been brought into use and an army of men is pouring water on the flames. The forest fires east of here are raging with undue fury and are destroying hundreds of acres of timber.

AWARD CONTRACTS FOR SCHOOL

BOARD OF EDUCATION WILL SPEND \$141,770 ON LINCOLN BUILDING.

The awarding of contracts for the work on the Lincoln school building was accomplished by the Board of Education at its meeting last night. This had been retarded by the excessive bids on the brick work, which upon a second call for bids, however, came within the amount the Board had planned to pay and the following report was submitted by the committee on School Houses and Sites, and unanimously adopted:

LUCKY BIDDERS.
"To the Board of Education,
"Gentlemen:—On the matter of award of contracts for the various lines of work on the Lincoln School building, your Committee on School Houses and Sites would recommend as follows:

"That the contract for the work as indicated in Division 3, that is, the structural steel, be awarded to the Clinton Bridge and Iron Works for \$16,570.

"That the work as indicated in division 2, that is, all brick work, terra cotta, stone and granite work, including the carrying of the brick flues from the attic direct to the roof in brick, but omitting terra cotta cornice, be awarded to M. Brandt on his bid of \$39,450.

"That the work as indicated in division 4, that is, all fire proofing, be awarded to Long & Hoyt on their bid of \$12,598.

"That the work as indicated in division 5, that is, all galvanized iron work and roofing, be awarded to the Forde Construction Co., it being understood that Eureka black slating, and it is also being understood that the cornice work as shown on the plans and referred to in the specifications is to be constructed by said firm of sixteen ounce copper, and that the galvanized iron smoke stack, extending from the top of the brick smoke stack in ceiling of second story to the roof, is to be omitted on their aggregate bid of \$7,357.

"That the work as indicated in division 6, that is, all plastering, be awarded to William Mahedy on his bid of \$8,210.

"That the work as indicated in division 7, that is, all marble and tile work be awarded to the Vermont Marble Company on their bid of \$4,057.

"That the work as indicated in division 8, that is, all plumbing be awarded to Robert Datzel Jr. Co. on their bid of \$1,897.

"That the work as indicated in division 9, that is, all carpenter work, be awarded to Ramsden, Griffith & Co. on their bid of \$26,542.

"That the work as indicated in division 10, that is, all painting and tinting, be awarded to James Cahill & Co. on their bid of \$2,220.

"That the work of laying the bituminous rock floors in the Lafayette School building, according to plans and specifications, be awarded to Hillhouse & Reardon on their bid of \$337.

"That the installation of the wiring for electric lights, clocks, bells, etc for the Lafayette School building, in accordance with plans and specifications, be awarded to the Joshua Hendy Machine works, on specification B, for \$11,000.

COST OF SCHOOL.
It was stated that according to the figures the school would cost \$141,770, this amount being some \$3000 less than the estimates and reserves some \$5000 for the building of sidewalks and ornamentation of the grounds.

WANT STREET IMPROVED.
A communication was read from Holcomb, Breed & Bancroft asking that Sixty-first street be sewer, macadamized and sidewalked. The same was referred to the Committee on School Houses and Sites.

SCHOOLS CROWDED.
Superintendent McClymonds drew the attention of the Board to the crowded condition of all the schools of the city and in this connection said:

"I have never seen the schools of this city so full as they are at the present time. We had as many as 150 enrolled today. In the Bay School there are eight or ten pupils waiting for admission and I don't believe but that it will be necessary to open a room or two there but I would like to take this matter under advisement for a week or two and see how matters shape themselves. The evening schools all have an enrollment right up to the maximum number to be admitted."

WRITES IN DEFENSE OF FRANCIS LOOMIS

COLUMBUS, Ohio, Sept. 6.—In a cablegram sent to President Roosevelt Charles L. Kurtz, a former active politician in Ohio, requests a personal interview to make a statement in defense of Francis B. Loomis, former Assistant Secretary of State, who it was charged had secured his appointment in 1897 as Minister to Venezuela through politicians and business men interested in rich concessions in Venezuela. Mr. Kurtz said in his telegram:

"Mr. Loomis is entirely innocent of any wrong thought or act in the matter. I never had any interest in any business or any schemes or concessions in Venezuela."
